NUMBER 1

MAYFIELD AND FERGUSON WILL BE IN RUN-OFF

ENTHUSIASM, REGRETS AND SMILES BEARS TO MEET COMETS RESULT FROM SATURDAY PRIMARY On Cameron Grounds For Three More Games

MILAM COUNTY FIELD RECORDS 4 COMPLETIONS

COMPLETIONS THE PAST WEEK
ADDS 50 OR 60 BARRELS TO
PRODUCTION.

The Milam county fields record show four completions the past week which has added some 50 or 60 barrels per day to the already growing production of the field. House and Baggett number three Henry in the heart of the pool have completed their well and it is reported will make 15 barrels per day. Hefley, Thomas and McIntosh number one McClellan is a good well and is estimated will make 10 barrels from the usual depth, drillers are skidding the derrick over for the drilling of number two. House and Baggett number four Henry is down 300 feet, while the number five well of the Fogel interests, is completed and on the pump, this well is reported a light one and is on the extreme east of the field.

The Tidal Oil Company have finished their number five Rountree, which is a light one also. The well on the House and Baggett interests that was drilled some time ago is still holding to 33 barrels daily and is the best well that has been drilled in the field to date, this firm has in excess of 50 barrels daily when all of the wells are hooked on to Owens Refinery pipe line that is at the rate of 144,000 barrels yearly. This showing is attracting the attention of oil men from everywhere, and there is much talk in oil circles that a 1600 to 2000 foot deep test will be made shortly in the Milam county shallow pool. Some oil men believe that 200 barrels or better can be had at this shallow depth such as is had in the Electra field and others throughout the country. Most of the shallow acreage is already leased in the shallow pool, there being near 2500 acres that is proven, a big field in itself and one that when drilled out will have an enormous production. The field keeps growing daily and a week makes a great change in the line up. Through the efforts of the Milam County Oil Men's Association it is believed that a group of oil men can be interested who will put down a deep test for the deeper oil that is believed to lie beneath the present shallow strata. There is much interest being taken in oil circles and every one is watching the field with interest.

J. R. CRAWFORD SERIOUSLY INJURED FROM DYNAMITE

SUSTAINS BROKEN ARM AND
SEVERE CUTS AND BRUISES
ABOUT FACE.

While blasting with dynamite in a gravel pit near Cameron, J. R. Crawford sustained a broken arm and several severe cuts and bruises about the face. At first it was feared that his eyesight had been destroyed, but after examination by Dr. G. B. Taylor, it was decided that aside from injury to his eyes, his condition is not of a serious nature.

Mr. Crawford had lighted a fuse and presuming that the fuse had gone out, returned to the pit. About the time he entered the pit the dynamite exploded.

A negro helper standing near by was slightly injured by the explosion.

FOR RENT—A furnished four room house with bath and shed room. 212 E. 7th, Street, near the City Park.
E. E. Gilliland.

Mrs. Harvey Gandy is visiting her sister in Houston.

OPEN AIR SERVICES WILL BE CONTINUED DURING HOT MONTHS

REV. H. R. McFADYEN SCHEDULED TO PREACH SUNDAY NIGHT.

A series of open air services for all protestant churches of Cameron will be held on Sunday night at the park. The pavilion will be used for the preaching services and the pastors of the churches are alternating in their preaching.

Rev. T. F. Weaver, pastor of the Christian church, preached last Sunday night to an unusually large audience. Next Sunday night Rev. McFadyen will preach for the people. The pavilion has been remodeled by the city council, providing a suitable place for these out-door meetings, and last Sunday night arrangements were made for providing more seats in order that all people attending these services may secure seats. Also there will be more lights provided.

A MILAM COUNTY FARMER BEATEN.

Driving out of Temple late Friday afternoon E. A. Dean, traveling salesman for the Burroughs Adding Machine company, found a man sitting beside the road apparently ill. Mr. Dean stopped and asked him if he could help him and the man said he wanted to come to Waco. He got into the car with Mr. Dean and was brought to the city.

He told Mr. Dean that he had gone to Temple on business and soon after reaching the city he had been taken by four men in a car and carried rapidly out of the city into the country and severely beaten. Two of the men began beating him as soon as they got out of town, one holding him while the fourth drove the car. After arriving near the spot where he was found, they put him out of the car and drove away. They called him a "scab," he said, while they were beating him and told him he would be killed if he returned to Temple.

The man gave his name as Anton Serensky and said he was a farmer residing near Milano Junction, in Milam county. He said he was a farmer and had not attempted to work for the railroad.

He remained in Waco until this morning taking the San Antonio and Aransas train for home. He said he would proceed against his assailants after returning home. He said he did not know their names, but would recognize some of them if he ever met them again.

YOUNG NEGRO IS STABBED TO DEATH.

Garvin Jones, age 20, colored, was stabbed last Saturday night and died almost instantly. He was at the Mt. Zion Baptist church attending revival services and had left the church and approached one of the boys outside to get change for the collection when he was accosted and was stabbed in the abdomen, dying almost instantly. Isaac Emery another negro about the same age is now in jail in Cameron charged with the deed.

CARD OF THANKS.

I want in this way to express my thanks and gratitude for the vote accorded me in the late election. I shall always feel very grateful for those who supported me and to those who opposed me I have no ill will. I hope that I may be able to serve the county with satisfactory service to all.

Thanking you again for your support and best wishes to all.
I am your friend,
BILL ALEX BONDS.

Many surprises featured Saturday's election in Milam county. Sheriff Leonard Blaylock, whose nomination was practically conceded on election morning, was defeated by Drew Rogers, of Buckholts, by a plurality of 285 votes, the unofficial totals being Rogers 2099, Blaylock, 1814 and Tyson 1348. Cameron gave Blaylock, a lead of 208 votes over Rogers, but this was overcome by Rogers strong vote south of the river, and at his home box, which gave him 198 votes to Blaylock's 85 and Tyson's 63.

The race for County Clerk, which was also three-cornered, resulted in the nomination of H. M. Roark of Thorndale, by a vote of 2130 to 1957 for Miss Lillian Atkinson and 1144 for Will T. Yates, the present incumbent. Roark's strength also came from south of Little river. At Thorndale he received 293 votes, while the combined vote of his opponents was only 55, Miss Atkinson receiving 28 and Yates 27.

In the Tax Collector's race W. A. (Bill Alex) Bonds was renominated by a majority of 803 over his opponent R. S. Wiley, starting off with a large lead in Cameron, and increasing his majority as the returns from over the county came in. The final unofficial tabulation showed Bonds 3009, Wiley 2206. Mr. Wiley entered the race on the last day for filing.

Miss Leila Woolley was nominated for Tax Assessor for the third time by a majority of almost two to one over her opponent, H. H. Hartsfield, of Yarellton. Miss Woolley scored 3393, Hartsfield 1911.

The closest was between Col. Ike Looney, of Ben Arnold, incumbent, against Moulton Cobb of Cameron, for Representative to the Legislature from the 64th District. Col. Looney, who had been unable to make a personal canvass by reason of ill health was returned to office by the comparatively narrow margin of 82 votes. During the counting Saturday night the lead swung from side to side, with the outcome in doubt until the returns came in from Hanover late Sunday afternoon. Mr. Cobb, who is only 22 years of age, ran a very creditable race against one of the most experienced campaigners in the county.

Another race that occasioned some doubt during the early hours of election night was that between Jim F. Chadwick of Cameron, and J. O. Hughes of Buckholts, for County Superintendent of Public Instruction. The final returns, however, showed that Chadwick had received a total of 2724 votes and Hughes 2505, a majority of 219.

R. Todd, incumbent, won handily over Mrs. Dot Harlan, for County Treasurer, totaling 3036 votes to Mrs. Harlan's 2048. Mrs. Harlan, a new entrant into the political field, showed fine ability as a vote-getter.

Accurate figures on the Floater's race cannot yet be obtained, but the incomplete unofficial count credits O. D. Baker, of Gause, incumbent, with the victory, Mr. Baker having carried Milam and Lee counties and lost Burleson county. Incomplete figures give Baker a majority of 244 in Lee county, and King a majority of 102 in Burleson county. The tabulation in Milam shows Baker 2537; King 2314.

The other county candidates, Judge Jeff T. Kemp, district clerk Pean Wolf, county attorney A. J. Lewis, and county surveyor Quinn Walker, were all re-nominated without opposition. Mr. Walker, leading the county ticket as usual. W. G. Gillis, of Cameron, was re-elected County Chairman without opposition.

Little interest was manifested in the precinct races, and the returns are still incomplete. N. H. Butts, present County Commissioner, was returned by a majority over his opponents, T. N. Lindsey and Wallace Moody. Chas. Sens was re-nominated for Constable by a majority of about 104 votes over Fred Howard of Salem; while Judge J. M. Ralston had no opposition for Justice of the Peace. Tom S. Henderson, Jr., was re-elected Precinct Chairman.

The election returns were received

(Continued on page 2.)

Jacksonville Bears meet the Cameron Comets on the Cameron base ball park for a series of three game, today, Friday and Saturday. Cameron as well as Jacksonville have been playing good ball this summer. Out of the nine games played between the two, Cameron has won four. The games this week will be well played and will decide the series of the 12 games.

The games will be called at 4:30 on the Cameron base ball grounds, and some good ball playing is expected.

OIL ASSOCIATION MEMBERS OBSERVE 2ND ANNIVERSARY

TO CELEBRATE SECOND YEAR
OF BIRTH OF MILAM COUNTY
SHALLOW FIELD.

The Milam County Oil Men's Association giving big watermelon feast and picnic at Minerva today in celebration of the second year of the birth of the Milam county shallow fields. Oil men and citizens gathered together from all parts of the county and state in a big booster meeting, the principle of which is to show to the people the great shallow field that is being developed within the county. The visitors are being given an opportunity to see the baby gushers in action, and to see the finished product from the high grade Milam county crude oil to the Owens Refinery which will be open to the public today.

The picnic is being held on the cotton gin lot, in Minerva in the shade of the post oak trees. Band concerts and other amusements are being given to entertain the big crowds. Many prominent men are scheduled to deliver addresses among them being the Hon. Tom Henderson, Hon. W. G. Gillis, J. J. Pierce vice president of the Milam County Oil Men's Association and L. B. Wyatt secretary of the Rockdale Chamber of Commerce and others. All of the members of the Chamber of Commerce and Commercial Clubs over the county have been invited as guests of the Association. A great day is expected by all of those attending the celebration, which is but one of the many gatherings that are planned for the future by the association.

Many of the prominent oil men are in attendance from the North Texas fields and representatives of some of the larger companies are mingling with the vast gathering. Tom Henderson, chairman of the entertainment committee is in charge of the celebration, with his able assistants.

It is a great day for the shallow pool and Milam county.

PRO AGENT WILL BE TRIED TODAY FOR KILLING.

Beaumont, Texas, July 24.—M. T. Gonzaullos, prohibition agent from Dallas, will be given a preliminary hearing tomorrow on a charge of murder filed in justice court today in connection with the fatal shooting Saturday night of H. W. Showers, a justice of the peace. Gonzaullos is being detained. He surrendered immediately after the shooting and declared he shot in self-defense when Justice Showers resisted arrest while prohibition officers attempted to take a bottle of liquor from his automobile. The justice was shot through the kidney and died Sunday.

CARD OF THANKS.

I take this method of expressing my thanks for the support my friends gave me in the late election. I am very grateful to all who supported me.
Your friend,
N. H. BUTTS.

Gov. Neff With A Large Majority Over His Opponents Is Nominated Definitely.

EARLE B. MAYFIELD

Returns up to date indicate that Mayfield will be in run-off with Ferguson in Senate race.

THE ARMLESS BALL PLAYER HERE SATURDAY AFTERNOON

Frank McKeown the Happy Armless man will be here Saturday and give an exhibition in base ball Saturday afternoon before the game between Cameron and Jacksonville on the Cameron base ball park. McKeown is a real novelty and will give Cameron people a good entertainment. Remember the time and place and be at the ball park in time to see the game Mr. McKeown will play.

MILAM COUNTY NOW FLOWING 250 DAILY.

For the first time since the discovery well was drilled in the Milam county shallow fields, production has reached the high mark of 250 barrels a day. The wells being drilled in lately are of the twenty-barrel variety and in what is believed to be the heart of the pool. Drilling has been carried on in somewhat of a haste by the operators, who have been endeavoring to increase the production.

The Owens Refining Company's plant at Minerva Station on the S. A. & A. P. R'y, seven miles south of Cameron, is taking the entire output of the field. These people have a modern 1,500-barrel capacity plant and a net work of pipe lines into the field. The price for Milam county crude oil has been reduced by this company to \$1.50 a barrel from \$1.75.

There are now some fifty wells that are producing in the shallow pool with about seven wells drilling in the proven district and two or three wells on the outside that are expected will extend the pool to the south and east. The feature of the week was the House & Baggett No. 2 Henry well, which is producing thirty-three barrels a day on the pump from 698 feet. This is the largest well that has been drilled in the pool so far, the average well being about ten barrels daily.

CARD OF THANKS.

I take this means of expressing my sincere gratitude to my many friends who helped me in my race for reelection as County Superintendent. While it is gratifying to know so many who supported me yet, on the other hand, I have no ill feeling for those who did not support me. I believe all are my friends whether they supported me (this time) or not, and I appreciate everything they have done for me.

Assuring all of my unfaltering purpose to fairly, faithfully and impartially discharge the duties of the office, I am

Yours very sincerely,
JIM F. CHADWICK.

CARD OF THANKS.

This is to thank my good friends throughout Milam county for the handsome majority they gave me in last Saturday's Primary. It is indeed consoling to know there are such a large number who are true-blue and cannot be swerved in their loyalty, no matter what means are used.

R. TODD, Treasurer.

S. P. Cross

Money To Loan—On farm lands at 8 per cent. No additional charges other than for abstracts, recording and notary fees. Office Over First National Bank, Cameron, Texas.

Texas Election Bureau figures noon showed Ferguson leading Culberson by 18,754 and gaining with a new returns received. On the first tabulation Tuesday Ferguson gained 1497 over the lead he held over Senator Culberson at the last tabulation Monday night. Ferguson has gained on Senator Culberson on every total made since noon Monday.

Two hundred and forty counties including 53 in which the returns are of 484,000 votes have been accounted for. The unreported vote probably totals 160,000. No report of even partial returns has been received from 13 counties in which there are probably 13,000 votes. These counties are well scattered over the State.

Today's totals showed: Culberson 87,082, Ferguson 105,838, Henry 35,611 Mayfield 133,224, Ousley 49,25 Thomas 73,168. The gains overnight were: Culberson 609, Ferguson 210, Henry 486, Mayfield 2666, Ousley 65, Thomas 1407.

For congress, Black in the first district has a lead of 3000 over Cyclor Davis. Box and Burns seem certain to be opponents in the run-off in the second district. Rayburn has a lead of 2000 over Westbrook in the fourth district. Summers is certainly nominated in the fifth district over Balows. Garrett has a majority of 10,000 over both his opponents in the eighth district and is nominated Mansfield and Fly seem certain to oppose each other in the ninth district with Mansfield in the first place Connally has a five-to-one majority over Lewis in the eleventh district and is nominated. Quinn Williams has seven-to-one majority over both his opponents in the thirteenth district and is nominated. Cunningham and Hertzberg probably will be opponent in the run-off in the fourteenth district Garner has a lead of 3500 over Briscoe in the fifteenth district. Blanton has a two-to-one lead over Calloway in the seventeenth district and probably will be opposed by Calloway in the run-off, although Cunningham is a close contender for second place.

For judge of the court of civil appeals, third district, Baker seems certain of second place, with Blair in first place. The tabulation shows Blair 10,055, Baker 8103, Brady 4235 Rector 3473.

For judge of the court of civil appeals, fifth district, the tabulation shows: Taylor 23,392, Tidwell 17,662 Jones 20,301.

A great many counties complete for United States senator are incomplete as to congress and court of civil appeals.

In the race for lieutenant governor Colonel Billie Mayfield is more than 17,000 votes ahead of Davidson.

The following will be in the run-off primary: Davidson and Mayfield, for lieutenant governor; Garrett and Terrell for State treasurer; Bentley and Marrs for superintendent of public instruction. The following have been nominated definitely: Neff for governor; Mayfield for railroad commissioner; Robison for land commissioner; Morrow for judge of the court of criminal appeals; Smith for comptroller.

BEN MILAM HIGHWAY WILL COST \$87,680

CONTRACT LET TO THOMAS-RATLIFF OF ROGERS, BEING LOWEST OF 13 BIDS.

Bids for the construction of the Ben Milam Highway running from McCowan Bridge to the Burleson County line were opened in the County Court room Tuesday afternoon. There were thirteen bidders. The contract was let to Thomas-Ratliff, contractors, Rogers, their bid being \$87,684.

This highway was named the Ben Milam Highway on the suggestion of C. M. Beard of Milano, in honor of Ben Milam, Texas war hero.

The contractors are to complete the highway in 250 days.

ENTHUSIASM, REGRETS AND SMILES RESULT FROM SATURDAY'S PRIMARY.

(Continued from page 1.)

Announced at the Court House Saturday night, by a committee of citizens headed by Tom S. Henderson, under the auspices of the Cameron Herald and the Cameron Enterprise, the work had been systematized and handled much more efficiently than in the past. County returns were now coming in, on account of the length of the ballot, but the results were known in most races by midnight. Reports from the Texas Election Bureau showing the vote for State officers were received over Western Union. These were very new in coming in, but the bulletins received were sufficient to show the trend of the vote, and indicated that Governor Neff would receive a majority over his opponents, and that Railroad Commissioner Earle B. Mayfield and former Governor Jas. E. Ferguson would be in the run-off for United States Senate.

Milam county went for Ferguson by a substantial plurality over Mayfield, its nearest opponent. Governor Neff was close to a majority over all opponents, with Fred S. Rogers second. In the other state races this county went for Judge W. C. Morrow for Court of Criminal Appeals, Col. Billie Mayfield for Lieutenant Governor, with State Senator T. W. Davidson second. Allison Mayfield for Railroad Commissioner, Lon A. Smith for Comptroller. J. T. Robison for Land Commissioner. Ed. R. Bentley for State Superintendent, with S. M. N. Harris second. C. V. Terrell for Treasurer, with Geo. G. Garrett second. M. B. Blair for Court of Civil Appeals, with Judge John W. Brady second.

A complete returns of the election in tabulated form will be carried by the Herald in next week's issue.

The following is complete with three boxes out which will likely not change the results of the count. Watson Branch, Davilla and Marlow have not been officially heard from:

For United States Senator:

Charles A. Culberson 638
Clarence Ousley 181
Earle B. Mayfield 1183
Cullen F. Thomas 899
Robert Lee Henry 246
James E. Ferguson 1757

For Governor:

W. W. King 267
Pat M. Neff 2265
Harry T. Warner 617
Fred S. Rogers 1775

For U. S. Congressman 6th Dist:

Luther A. Johnson 5095

For Representative 64th District:

Isaac Looney 2551
Moulton Cobb 2441

For County Judge:

Jeff T. Kemp 4942

For Sheriff:

L. L. Blaylock 1814
R. R. Tyson 1348
Drew S. Rogers 2099

For County Clerk:

Will T. Yates 1144
Lillian Atkinson 1957
H. M. Roard 2130

For County Treasurer:

Mrs. Dot Harlan 2048
R. Todd 3036

By MRS. W. A. GILLON

NEBLETT-HOOKS.

Last Sunday evening in Fort Worth Mr. Roger Neblett of Waco and Miss Lucile Hooks, of Cameron were married, the Baptist minister officiating.

Mr. Neblett of Waco is a worthy and excellent young traveling salesman with headquarters at Fort Worth. Miss Lucile Hooks is eldest daughter of the late Mr. James Hooks and Mrs. Ella Hooks. Miss Hooks is a lovely, amiable and talented young lady and to know her was but to love her. A graduate of Cameron High School, after which she attended Simmons College, and taught at Abilene.

Mr. Neblett returned to Fort Worth Tuesday and Mrs. Neblett will remain in Cameron a few days to visit her mother.

The Cameron Herald and hosts of other friends wish them all the best in life.

GUMPER-ELY.

Mr. Oscar David Gumper, of El Paso and Miss Lucile Ely, formerly of Cameron, were married the 22nd of July in El Paso.

Miss Ely will be pleasantly remembered by a host of friends and admirers in Cameron, all of whom wish her all the joys she so richly deserves. She is the eldest daughter of the late Mr. and Mrs. E. E. Ely, and niece of Mr. W. W. Chambers, was stenographer for Chambers and Wallace a few years ago, but for the past two years has been stenographer for Mr. Wischar, in El Paso.

The Cameron Herald and other friends extend best wishes.

S. S. CLASS PARTY.

Tuesday night Mrs. Jeff Kemp took her Sunday School class out to Mrs. Rylander's for a picnic.

There were sixteen girls who went the party drove out in cars and carried a basket supper.

They played games, ate a delicious supper and drove back in the cool of the evening.

Mrs. Kemp was assisted in the care of the girls by Mesdames R. E. Rylander, Howard Baskin and Ledbetter.

BEE SHOALS CAMP.

The Bee Shoals Camp is now on in full swing, with Mr. and Mrs. Paul Webb as chaperon.

About twenty young people went out Tuesday evening and will be joined by others later. The boys had gone ahead, pitched tents, arranged a kitchen, installed three good cooks, built a pavilion for dancing, carried out a piano, games and other things for the pleasure of the crowd.

BAPTIST AUXILIARY.

Circle 1 and 3 did church visiting Monday afternoon.

Circle No. 2, met with Mrs. J. J. Andrews and sewed and had a social hour. Mrs. Andrews served delicious refreshments.

Circle No. 4, met at the church for a Mission study with Miss Winnie Henderson leader.

CHRISTIAN ENDEAVOR.

The Christian Endeavor of the Presbyterian church are planning to give a pageant—"The Melting Pot" at the church Thursday August 3rd at 8:15 p. m. benefit of Tex-Mex School. Free will offering. Public invited. Following is the program:

Sing 32—Make Me a Channel of Blessing.

Prayer.
Scripture reading, Isa. 43:1-7.
Remarks—Judge Gillis.

Quotations on the Immigrant.
Solo—Save them for the Nation.
The Melting Pot—Presentation of the pageant.

Song—My Country 'Tis of Thee.
Offering.
Benediction.

BIRTHDAY PARTY.

Tuesday afternoon little Miss Dorothy Joyner celebrated her ninth birthday and about thirty little boys and girls came laden with presents of all kinds to wish her many happy returns of the day. Her father gave her a lovely bicycle.

It was a porch and lawn party and all kinds of games interested the children until time to cut the large cake with nine candles on it. In the cut the ring fell to Margaret Key, the dime to Mildred Clinton.

Mrs. Joyner was assisted by Mesdames J. E. Longmore, Will A. Coffield of Rockdale, Julian Baskin and Miss Eloise Rogers.

Candy, ice cream and cake was served.

from nine to eleven.

Games were played on the lawn followed by a delightful fishing pond in the living room where each guest fished a cute souvenir.

Next came the cutting of a large white birthday cake with six pink candles on it and decorated in lovely queens wreath.

In the cut the ring fell to Ralph Wiley, the dime to Madie Watson, and the button to Katherine Monroe.

Delicious ice cream in pink cones was served. Caroline was the recipient of a number of lovely presents.

The children wished Caroline many happy returns of the day.

JOHN WM. JETER ENTERTAINS.

Last Thursday evening John Wm. Jeter honored his cousin, Charles Foster of Brenham, with a party.

A number of his friends came in for a evening of games and music and a jolly time spent.

Mrs. Jeter was assisted in entertaining by her sister, Mrs. E. H. Foster, of Bonham. Delicious cake and cream was served.

KILKARE-SIGMA PHI.

Miss Lillie Mag Jeter entertained this club, and a few other friends last Friday afternoon at five o'clock.

Cut flowers of all kinds were used in decoration.

Pleasant conversation and needle work was the diversion.

During the course of the afternoon Miss Jeter passed cards around and each guest present was requested to write a note or verse to one of their members, Miss Mary Lake Henderson, who is in a Sanitarium at Waco. These were loving bits of sympathy, cheer and best wishes.

After all were written they were read and a guess was made as to who wrote them.

Before the close of the afternoon Miss Jeter assisted by her mother and sisters served a delicious salad course consisting of shrimp salad, olive sandwiches, grape ice and cookies. Just before the guests left Miss Jeter read them a letter from their absent member, Miss Mary Lake Henderson.

FIFTY DOLLAR PREMIUM

OFFERED FOR FIRST BALE.

At the Tuesday night meeting of the an order was passed appropriating

the Rockdale Chamber of Commerce fifty dollars for a premium to be given the first bale of 1922 cotton marketed in Rockdale. Conditions are that it is to be from the regular Rockdale trade territory and the bale must weigh not less than 450 pounds.

—Rockdale Reporter.

TEACHERS' EXAMINATION.

The next examination for teachers' certificates will be held in Cameron on Friday and Saturday, August the 18th and 19th. There will be no examination on the first Friday and Saturday in August.

Teachers who desire a text book on Reading or on Methods and Management can get the same from Charlie Sprott at Cameron. He has arranged to carry these books in stock for the teachers.

Very respectfully,
JIM F. CHADWICK,
County Superintendent.

KLAN TICKET WINS.

Houston, Texas, July 24.—With only two of the 106 ballot boxes in Harris county not yet in and counted, results that are practically final show that with two exceptions the so-called klan or Protestant ticket had swept into every office in the county.

The exceptions are Virgil E. Arnold, who won the nomination for State legislative position No. 3 over Miss Katie Daffan, who was neutral on the klan issue, and County Commissioner W. G. Sharman of Sunset Heights, present incumbent in Precinct 3, who was opposed by the klan.

These returns showed Billie Mayfield led the lieutenant governor's ticket in the Harris County boxes.

The total vote cast was in the neighborhood of 29,000, a record for this county.

Martin Kilian, manager Cameron Plumbing Company, has gone to Georgetown to do a big plumbing job for the Southwestern University.

C. W. Bradberry was a visitor to Franklin Sunday.

Quite a large party of regular boarders and friends from the Bigbee house enjoyed a swim at the Nat Friday evening.

New Pieces of FURNITURE

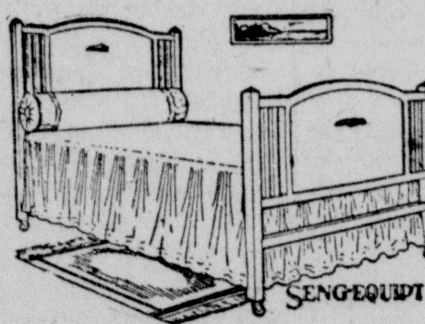

Are arriving every day. We wish you to call and see some of the new designs in dining room and bed room furniture. Also a good selection of living room suits, Davenport tables, end tables. These are all new goods—the reduced price will interest you.

A. E. Brady Writes Another Very Interesting Letter From Constantinople; Tells of 'Great Underground Palaces' and Other Interesting Surroundings

No. 40 Rue Brousse—Pera Constantinople, Turkey, 28 June 1922.

Mr. Alfred E. Brady,
Cameron, Texas, U. S. A.

My Dear Son:—You are quite correct in the assumption that I have not been "seeing things"—as a matter of fact have been so very busy for the past month that my usual "news letters" have been forced into the back-ground for want of time. Here goes for another one, however, just one month from the last publication.

The thing most fresh in my memory right now is a visit to one of the museums where, among other very interesting things I saw what, perhaps, is the most famous marble antiquity in the world, the sarcophagus of Alexander which was said to have been built in B. C. 320, and found during an excavation at Sidon. This is the most unique work of art have ever seen and quite beyond description. Made in the form of a Greek temple, the entire tomb is about twelve feet by seven by four, and entirely covered with marvelous sculpture—cherubs, men, women, different sorts of animals, fruit, flowers, leaves etc., and much of the original colorings still remain, showing what wonderful art was known in those days. This tomb bears the head of Alexander, but is evidently not the burial place of this King, as he undoubtedly was buried at Alexandria, but is called Alexander's Tomb. This tomb was unearthed completely covered by water, and yet is as white as any marble have ever seen, except where the colorings show, and a few places at two or three corners. At the same time this tomb was found, another, that of Tabnith, King of Sidon and priest of Ashtoreth, was found in the same place. The tomb of King Tabnith is quite as interesting as the other, altho not so large and is made of red marble. On opening this other one, the embalmed body of Tanith was found in a good state of preservation. I saw this body in a glass case, and it is almost complete in every detail—a few stones, coins, etc., were also to be seen. The hair has not all come off his head. Tabnith reigned in the last half of the 6th. century. Some most interesting things to be seen here besides these, of course. Have never before seen such marble carving as among these tombs and decorations made long before the time of Christ. Literally thousands of small marble slabs; busts of marble in various sizes, of ancient characters; both small and large sarcophagi and many other things carved from marble are to be seen in this museum.

Visited the Yeri Batan Serai, or "the Underground Palace" said to be the largest cistern in Constantinople (said to be 19 here) and a most interesting place it was. Said to have been built by Constantine the Great, and enlarged by Justinian. 336x182 feet, and about 40 deep, altho it is said that the dirt for centuries has accumulated in the cistern to such an extent that "it has almost filled up." The columns supporting the vaulted roof are most interesting—of various designs of different sorts of marble and stone. Some claim that the cistern always contains water, brought from Belgrade, while others say that no one knows where the water comes from. Houses, shops, street cars, streets, etc., are above this cistern, and it stood for ages before the public knew of its existence. Just recently it was discovered that a large tunnel led to the Mosque of St. Sofia—other tunnels lead—people know not where. Whether this was built for a cistern or an underground Palace matters not, it is one of the most interesting bits of ancient architecture have seen here. Have just rented a large house in Stamboul for the Russian Branch—the present quarters are entirely too small. In looking over the place with the owner, I came to the basement, and among a lot of rubbish found a peculiar place in the floor which proved to be a door leading to a sub-basement under the entire building, with a large iron door in one end. I learned that this door led into a tunnel which ended in St. Sofia. Will explore it.

Had a very interesting time during the Olympic Games here. More than 1,500 people took part in the games, but have not learned what the attendance ran to, during the several days it lasted. As one of the official judges I learned that the Greeks, Turks, Armenians, Russians, Jews, Slavs, French, British and all the others were just about the same sort of folks as we Americans—with about as many faults and with just as stubborn natures. It was really an awe inspiring sight to see some of the stunts, drills, races, etc., as pulled off by some of these folks. The event was headed by the American Y. M. C.

A. and proved quite a success. Next year promises to be much better.

The story of the birds resting in the branches of the Mustard plant (Matt. xiii-31) was rather hard for me to understand when I was a little chap. Have seen plenty of mustard here that the birds could easily rest in, and build nests in as they do some of our trees at home. Gardeners here greatly fear the mustard plant as it grows so quickly and chokes out all other form of vegetation—overshadowing all garden stuff as well as all field crops. It grows anywhere a bit of soil is found and seems not to need rain at all. Have seen fine healthy 'trees' of it growing out of rock walls forty to sixty feet from the ground, (the walls, forty feet) and the natives dread to have it go to seed. Most anyone of the natives will stop and pull off the head of a mustard plant that it may not seed, even tho he be miles from his own plot of ground.

The Navy Y. M. C. A. has a summer camp out near the entrance to the Black Sea, at Enue Kuey, and I spent one Saturday afternoon and Sunday at this most delightful place. Tennis, sea bathing, rambles, old ruins to poke around in, plenty to eat, wonderful boat rides in the moonlight when the water is alive with phosphorescence. Refreshing to spend a day and night like this after going thru such an ordeal in the city. The many Ferry Boats are kept busy these days between Galata Bridge and the Black Sea and the Bridge and the Princess Islands, as so many people spend the nights out of the city during summer. On Fridays, Saturday and Sundays all boats are crowded. There are no beaches closer than two hours ride by steamer, and the roads are so poor that Autos can scarcely make the trip, so the boats are the best way to go out in and are always full, and what a mad scramble it is.

Have just returned from a trip about fifteen miles from Constantinople where I arranged to have movies at a girls reformatory—about 500 girls will be out there later, but not so many now. These are the worst sort of girls a fellow ever saw, about 11 to 16 years, altho some as young as 8 years. They were picked up off the streets of Constantinople and sent to this home. It is indeed pathetic, but a lot of funny things happen there, nevertheless. Of all the funny tricks, these girls can out-trick most any boy I ever saw. They take out the light globes, light plugs, switches, disconnect the 'phone, and on my last visit there some of them unscrewed the door-knobs and shut the door so that we had to wait for about an hour until a carpenter happened along and opened it. The doors are as big as the side on an ordinary house at home. One night a bunch of the girls decided to have some fun with the Matron, and so about three a. m. they all began yelling at once, and it took three policemen and all the adult members of the house three hours to quiet them down. In telling me about the affair, the Matron said she would go crazy next time it happened unless she could decide on some way to stop them. My suggestion was to run a water line along the hall near this large sleeping room "for fire purposes" and next time they went wild to turn the hose on them. She says three minutes is quite sufficient now to stop their yelling. But iron boxes had to be fastened to the walls over all water, light and gas connections so that they could not play havoc with things. Have established movies at an Invalids Home where there are men

minus one arm, a limb, an eye, sometimes both limbs or both arms or both eyes—in fact crippled up in many ways thru the war and its horrors. Men are brought down on stretchers.

Russians, Armenians and Greeks are rushing to America in large numbers each month. On the 16th of June five of our Russian folks (YMCA assistants) left for New York. There were at least 2000 of them who could not get visas as the quota for the month had been filled. A grand stampede took place when this crowd learned that another month must pass before they could leave. About 50 police were necessary to keep them in order. It sounded as if a thousand tongues were being spoken. Do not blame them in the least for wanting to leave, as this was just following the wholesale murder of Christians. Dr. Alexander Lyons of New York (a Jewish Rabbi, by the way) spent several days here, and while out one day we stopped in front of a small Turkish shop, and a Turk, probably the owner of the shop, was sitting near the doorway and after looking us over for a minute, deliberately spat on my shoe—I literally went blind with rage for a few seconds and as soon as could talk, I told him he had just one minute to take his handkerchief and clean my shoes. He did not need that much time.

Took a bunch of children on an all-day picnic on Sunday, and you should have seen how the sun blistered my back and arms—I looked like a half baked beef. The salt water with the white sand and hot sun surely plays havoc with a fellow who is not used to it. Rather hard for a fellow to sleep in a chair for three nights just because he wanted a little swim in the sea. Next time think I shall take my swim in the dark of the moon and wear a full suit of pajamas at the time.

Mighty sorry that have had to abandon the idea of seeing the Passion Play, but one must spend so much time to reach the place from Constantinople that it is quite out of the question for me to make the trip from here. Greek boats are about the only ones that touch near this point and they are so filthy and run so

Old U. Tellem sez.

"They say the way to keep your dog from getting hot in August is to kill him in July—The Peter Produce Company says the way to have spending money in July is to 'sprout' a few friers in March.

"The pay the highest market price for all your produce."

"U tell'em corset; you've around women."

ASTHMA

A chronic affection of the bronchi, characterized by difficulty in breathing, a sense of constriction in the chest, and sometimes cough and expectoration. The cause of asthma is a subluxated vertebrae, producing pressure upon the nerves leading to the bronchi. The Chiropractor adjusts these vertebrae to their normal position, thereby relieving pressure on the nerves. Health is the result.

A. B. GUINN
CHIROPRACTOR.

slowly that one would have to leave three weeks in advance, and then perhaps not get there in time. It would mean seven weeks away from my work which is quite impossible, as much as I want to see this great play. Many people from Constantinople who have plenty of time are going. It is said that thousands from America go each week, and that this year will be quite the largest attendance in its history. Seems indeed a pity that the producers refuse to allow the play photographed for the movies, and yet one can not blame them if you fully understand the origin and meaning of the passion play. The story is most interesting. Obre-Ammergau is such a difficult place to reach unless you are up in Switzerland or Germany.

Having so many movie programs now that it is necessary to double up, showing twice daily in many instan-

ces in order to go the rounds. Very hard to find the proper sort of films, the kind best suited to children. Frequently have to use a French, English or Russian translator as so many films have only titles in one language. A great many of the Russian children and perhaps 90 per cent of the adults are fluent French scholars, or can at least read titles in that language. The Mayak Movies have become so popular that many Turks, Armenians, Greeks and Jews attend along with the Russians as we make no effort to keep them out if there should be room enough for other than Russians. And it is all free, that has a decided advantage for many of them. The American Red Cross (so reported) will discontinue their feeding and other support on July first, and what will become of the thousands supported by them am unable to say. As it is they receive

only one meal per day, and the privilege of sleeping in a stable, and when this help is withdrawn great suffering will result. These remarks are not by way of criticism, as the Red Cross has done a wonderful work here. It seems that all the money has been spent. Wish you a happy 4th. of July.

With much love for yourself and all.
Your,
DADDY.

3 LIVESTOCK SHOWS FOR MILAM COUNTY; STOCKMEN MEET

COUNTY SHOWS AT CAMERON
TO BE OPEN TO ALL
EXHIBITORS.

Co-operation in the promotion of three livestock and poultry shows in Milam county during the fall of 1922 is the part the Milam county Purebred Livestock and Poultry Association will play in representing these vital interests of the county.

The co-operation of the Association will be given to the Thorndale Chamber of Commerce which holds a community livestock and poultry show on Aug. 10 and also the Rockdale Chamber of Commerce which holds an annual show in that city. The shows at Thorndale and Rockdale will be held just prior to the County Livestock and Poultry Show which will be held in Cameron on September 29 and 30, Friday and Saturday respectively.

The date for the Milam County Livestock and Poultry Show has been set for September 29 and 30 for the benefit of a number of Milam County hog, cattle and poultry raisers who will exhibit at the Dallas fair which begins on October 6.

At the regular meeting of the Association held in Cameron, President Sam Mewhinney appointed a committee of three to confer with the several chambers of commerce of the county regarding the shows. To this committee, the names of the President and Secretary of the Association were added by motion. The committee is as follows:

Robert Poe, Thorndale, W. E. Gaither, Rockdale; George T. Graves, Cameron; Sam Mewhinney, Buckholts and J. B. White, Cameron.

A big feature of the Milam County show to be held in Cameron will be an auction sale of fine livestock and poultry. This is to be made an annual feature of the show. The following Committee was appointed to assemble livestock and poultry to go on the auction block during the two days of the show:

George Banzhaf, Rockdale; Paul Graves, Buckholts; R. E. Sharpe, Cameron; Sam Mewhinney, Buckholts; J. D. Campbell, Thorndale. The livestock and poultry to be auctioned off will be purebred stuff and in most instances has been donated by the exhibitors. The proceeds to go to the maintenance of the show.

Because its members are owners of all of the Purebred Livestock and Poultry in the county, the Association will be able to give invaluable assistance to the several commercial bodies of the county in arranging these shows.

The county show will be financed by the Cameron Chamber of Commerce and business men of Cameron. The program for the show will be worked out Friday night when the Association meets.

The meeting in Cameron Monday was attended by stockmen and poultry raisers from all parts of the county who have become members of the Association to aid in the promotion of the Livestock and Poultry industry in the county. A large number

of new members were enrolled at the meeting.

President Sam Mewhinney set the date for the next meeting at Thorndale and September 5, being the first Tuesday in September. This will be a called meeting because Monday is a day on which A. & M. College men cannot leave the College. The constitution of the Association sets the meeting for the first Monday every two months but as it is planned to have A. & M. speakers at the Thorndale meeting the meeting has been called for Tuesday.

Hon. T. S. Henderson of Cameron addressed the meeting on Monday, expressing gratification at the organization of such an association in Milam county. Mr. Henderson has been interested in livestock for many years, being an extensive farm and ranch owner in the county. He spoke success for the association in the great work it has undertaken among the livestock and poultry raisers of the county.

Hon. C. M. Beard, of Milano, former member of the Legislature from Milam county, and who is a member of the Association, spoke to the members of the Association, encouraging its aims and purposes. Mr. Beard who is a breeder of purebred livestock said that the association if possible should permit none but purebred stuff on the farms of the county. Purebred sires he said will solve the problem of better livestock and urged the members to adopt the policy of encouraging at all times the best of breeding methods. Mr. Beard also encouraged the poultry industry which he said had become one of the leading industries of the farm.

George Banzhaf, county agent, said that the purebred male among all livestock is fifty per cent of the herd. He said the members must swat the scrub male in their herds and among other things he proposed the publication of a bulletin for the benefit of the members to advertise the livestock of the county. He outlined the manner in which A. & M. College will aid the Association.

Robert Poe of Thorndale, breeder of famous Barred Rock chickens and who recently took three of the silver cups out of four offered at the San Antonio poultry exhibits, presented the show as a means of advertising the livestock and poultry. Mr. Poe

will help the committee arrange the poultry, premium lists and exhibits this year.

R. E. Sharpe of Cameron, breeder of the famous White Leghorn chickens outlined what may be accomplished by persistence in the business and the use of proper strains of chickens and methods of care and a famous flock of White Leghorn breeding. Mr. Sharpe has developed birds and will be one of the principal exhibitors at the county fair this year.

Robert Poe told of the success of the Barred Rock Association of San Antonio of which J. N. Kincaid is president. Two years ago this association started with five members but is now one of the largest and most influential in America. Last year the association held a great show in San Antonio and for this year has secured the National show, the first time it has been held in the south, and Barred Rock exhibits will be in Houston from all over America and Canada.

W. M. Cobb, chairman of the Commercial Club committee for the Livestock show was present to act for the club, also C. R. Phillips, T. S. Henderson and George T. Graves. Mr. Cobb asked the Association for its co-operation in staging the county show if Cameron. On motion of T. S. Henderson as mentioned above the committee of five was named to co-operate in planning for the show.

It was decided after some discussion to make the exhibits open to the world and to encourage other counties to send in their livestock to the show at Cameron. At first it was thought best to confine the exhibits to Milam county producers but a brief canvass of the situation found members of the Association anxious to have outside competition in order to encourage better exhibits and better livestock in the county.

Scott Baldrige of Rockdale, breeder of Big Bone Poland China hogs who took first prize at Dallas Fair last year will give a hog to the auction sale and will donate the proceeds to the expense of the show. Mr. Baldrige was cheered for his generous gift and was quickly followed by J. D. Campbell of Thorndale who offered a Poland China pig and some Bar-

ed Rock Chickens for the auction.

In a short address Mr. Campbell stressed the advertising value of the show to the producers of Livestock.

George T. Graves, breeder of the famous Hereford cattle, advocated the open competition plan that more and better livestock will be brought to Cameron show.

R. E. Sharpe also advocated the open show and offered to contribute some of his famous White Leghorn chickens to the auction block for the benefit of the county.

Reports from the membership committees over the county were heard and the following new members were reported to the secretary of the Association. Rockdale: J. E. Cooke, John C. Scott, G. M. Edmonson, D. R. Wallis, B. Rekenbrecht, Perry & Quebe, Dr. H. G. Coulter, J. A. Baxter, H. L. Hudson, Ed. Simms, Citizens State Bank, First National Bank, W. E. Gaither, H. P. Talley, W. E. White, Bob Hale, Rockdale State Bank, Daniel Sandford; Milano: C. M. Beard, Walter Newton, Lester Newton; Thorndale: Robert Poe, Chas. Saller; Buckholts: J. A. Walschall, W. F. Sharpe, H. A. Fuchs, T. F. Criswell; Cameron: J. W. Coleman, J. D. Eplen, H. M. Hefley, J. K. Freeman, R. B. Pool, Dr. Jas. Watson, S. P. Cross, R. P. Jeter, Dr. M. C. Sapp, C. W. Read, Matt. B. Bailey, R. B. Rylander, T. S. Henderson, W. M. Cobb Chas. Pollard, R. L. Batte, J. B. Rogers, C. R. Phillips, Cameron State Bank, H. E. Reasonover; Davilla: H. B. Payne, B. H. Keith, B. M. Jennings.

Membership committees will continue their work until the county has been thoroughly canvassed for members. In a short time the work of getting listed with the secretary of all livestock in the county so that a catalogue may be issued for the benefit of advertising will begin.

J. B. WHITE, Secretary.

Tanlac is unquestionably the most widely talked of medicine in the world today and those who once use it invariably buy it over and over again and tell their friends of the splendid results they have derived from its use. For sale by the New Cameron Drug Company and Druggists everywhere.

WHY YOU SHOULD USE A MILD SOAP

Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly.

In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation!

You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt.

Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose.

You can buy Palmolive Soap at all first class groceries and drug stores.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—but comes the rheumatic pain. "St. Jacobs' Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Linger up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Interesting Letter From Dick Clark In Which He Portrays the Splendor of the Great Honduras Mountains

The following letter was received from Dick Clark, who is now in the Republic of the Honduras in Central America as Chief Clerk to the Superintendent of the Tuxillo Railroad Co., which will be read with interest by his many friends in Cameron:

"It is most interesting and especially to one who has never been that far from home before. Am now situated about 90 Kilometers from the Coast and going farther into the interior of the Spanish Honduras. The farther I get the better it seems to get, and a fellow that has the idea of a good time being in the city, is mistaken very much in his ideas. Of course different people have different ideas I guess, but for what I call real wild life and feeling like you are a real man is to get here and stand the Jungle life and primitive ways. Have just returned this day from the extreme end of the rails of the Truxillo Railway Division, and find every foot and every inch more to my idea of what the story talks of in 'When a Man's a Man.'"

"For pictures of great interest a fellow could spend a fortune in ruining Kodak films and guess it is a very good thing for my wages and earnings that I could not bring one. I intend to get one if I have to steal it and bring home some of the wonderful sights that happen here every day. I want to get them pretty soon for after a fellow has been here such length of time, he, I suppose loses interest in the real things that make the beauty of such country. I am surrounded by mountain ranges in the Aguan Valley and we have some of the best land in the Republic in this division. I have been fortunate enough and lucky enough to get what I think is the best place in the whole division for a man now Chief Clerk to the District Superintendent and hope in time to make one of the District Superintendents myself."

"I consider the man I am under to be the very best of the whole job and as he ranges from Montana and has been in the Tropics some 10 or 12 years and knows how and why things are I am very proud of my job with him. We have at our disposal a motor car, which is the main transportation in this country, as Automobiles are a thing either of the past or the future. Mules are the racing stock here and if I were to see a real horse I wouldn't know what to call it."

"This is a place that the laws are made by the individuals to a certain extent and the guns on the hip is only completing your every day wearing apparel. The natives that cannot afford guns are well armed with Machetes, which I suppose you have heard about. They are regular cane knives about 3 to 4 feet long and as sharp as a razor. One whack and off goes your head or wherever it hits. I do not wish to scare the folks of my old home town in stating these facts, for some of them may come down sometimes. It is not as bad as it really sounds and after you have been here a short while you will get so used to it that to see one without something of the kind would make you take notice more than a dozen with the little pen knives."

No doubt you have read a great deal of the Tropical life either in stories or books and picture shows.

Well I can say that it is different from the States alright and to see bananas that we have to pay 5c apiece for there you get all that you want here for nothing. It is very interesting to learn the method and ways of planting and raising this desired fruit, and no doubt half of the people of the United States have very little idea as to even how the bunch hangs upon a tree. I myself had the idea that the big part of the stem hung from the bottom of the bunch, and it is the very reverse. The District I am working in has charge of new lands and our duty is to plant plantations and clear the Jungles for more farms. At the time that the farm is about brought to bearing we pull our stakes and leave for more jungles. As one of the fellows from New Orleans remarked to me on ship coming over here. He was coming for experience and adventures. I made the remark that I was coming to make a living. Well it has turned out that I am getting the experience and adventure and also the living and the poor fellow is laboring night and day in the accounting department with the prospect of the same job and same salary as long as he can make himself stand the lonesome life and hard work. I am very well pleased with my lucky choice and see great prospects ahead.

Besides the bananas we have here any and almost any kind of fruit and vegetation and I have often wondered why these people will let some of the finest land and timber lay idle when one of the greatest Agricultural countries of the world could be right there is some of the most valuable here in the Republic of Honduras. Timber in the world here, and they even use our wood that we have such fine furniture made of mahogany and make railroad ties of it. They also have rosewood, fine oak and every tree imaginable here. There is gold ore in the mountains and copper of the best kind. I am before I come home going to try to find one of those gold mines and bring back in my pocket."

Am getting quite a collection of wild birds and animals, and what I have not yet received I have made arrangements to get. Have on hand now parrot and white faced monkey. The monkey reminds me of someone I have seen before. Can't recall who, may be my own reflection in the glass. He is quite a dandy tho, and can see by some of his actions why people make the remark about other people making monkeys of themselves."

NOTICE OF APPLICATION FOR PROBATE OF WILL.

THE STATE OF TEXAS:

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL.

THE STATE OF TEXAS:

To all Persons interested in the Estate of W. E. Bozeman, Deceased:

ed; C. W. Straus has filed in the County Court of Milam County, an application for the probate of the last will of W. E. Bozeman, deceased, and for appointment as independent executor without bond of said will; which will be heard at the next Term of said Court, commencing the first Monday in August, 1922, same being the 7th day of August, 1922, at the Court House in the City of Cameron, Milam County, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein Fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, July 17, A. D. 1922.
WILL T. YATES, Clerk

Blame mental fatigue
Kellogg's on over-eating!
CORN FLAKES
are the ideal summer diet!

Over-heavy foods cause more illness during the summer weather than any other thing you do! Simplify your diet. Men, women and children will work and play and sleep better if they'll switch-in on Kellogg's Corn Flakes and plenty of cold milk and the delicious fresh fruits now in season!

Kellogg's are wonderfully refreshing—and nourishing—and always mighty crisp and delicious for any meal. Let the little folks eat as much of Kellogg's as they want, for Kellogg's Corn Flakes digest quickly and easily and rest the stomach.

Be certain to get Kellogg's—the original Corn Flakes in the RED and GREEN package which bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your druggist!

F. A. Mosley, farmer, 2nd Street, Cameron says: "Doan's Kidney Pills have been a standard medicine with me for many years. Several years ago I was right down and out with

my back, and was in such a condition that I could hardly do a thing. My back ached all the time and my kidneys were irregular and the secretions contained sediment, that looked like brick dust and the passages were very painful. I tried several kinds of kidney medicine but the only kind that did me any good was Doan's Kidney Pills. They cured me of the attack. I sure am proud to recommend Doan's Kidney Pills for they are just what is claimed for them."

More Milk Now

More Winter Milk

The Four-Square Ration

When you feed Cow Chow to cows on pasture you will get four results.

1. Maximum milk production from each cow.
2. More milk at less cost per gallon, and keep your Cows in better condition.
3. A longer milking period.
4. Bigger Milk Checks.

These results can be expected because Cow Chow has just the right elements to balance grass and to make more milk. You lose money every day you fail to feed cows on pasture.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, before putting on

to enjoy an inside bath each morning food into the stomach. Girls and women with sallow skin day's waste, sour fermentations and poisons, toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body. If you want to see the glow of healthy skin in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting on food into the stomach. Women who desire to enhance beauty of their complexion should try this for a week and notice results.

KU KLUX WILL DISCARD MASKS AND ROBES.

Atlanta, Ga., July 22.—The Knights of the Ku Klux Klan have been ordered to discard their masks, robes and their regalia except when in their lodge rooms, it was announced here tonight at headquarters of the organization. The order as first made public in a letter to Governor Hardwick of Georgia from E. Y. Clarke, imperial wizard pro tem mentioned only Georgia klansmen, but later it was stated the order was general.

The imperial kloncilium, or governing body of the Klan passed a rule more than a year ago, it was stated, prohibiting the wearing of masks and regalia except by permission of the imperial wizard, and it was said tonight the present order means that, effective at once, no such permission will be granted except for parades.

KU KLUX KLAN NOT UNMASKED, HE SAYS.

Atlanta, Ga., July 24.—Edward Young Clarke, imperial wizard pro tem of the Knights of the Ku Klux Klan, late today issued a statement denying that he had unmasked the Ku Klux Klan in Georgia or any other part of the country. The only thing he did, Mr. Clarke said, was to issue an executive order applying only to Georgia, "stopping for the time being all parades and the use of the mask and costumes for any purpose in Georgia except in the Klavern or lodge rooms of the Klan." Emphasizing that the order was continued to Georgia the statement said:

"The correspondence between myself and Governor Hardwick regarding the Ku Klux Klan, published in the Sunday paper, was grossly twisted and it is causing considerable misunderstanding on account of this fact. 'First I have not unmasked the Klan in Georgia or anywhere else in the nation. The only thing I did was to issue an executive order stopping for the time being all parades and the use of the mask and costumes for any purpose in Georgia by Klansmen except in the Klavern or lodge room of the Klan.'

"Second, the order affected Georgia only and the statement which has been broadcast that it applied to the entire nation has caused a flood of telegrams to be received at headquarters and considerable confusion in the

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

ranks of the organization all over the country."

Regarding Texas, he said: "I issued last fall a similar executive order in Texas when the state was in the midst of a turbulent condition regarding law enforcement and had under way in the state sinister fights on the Ku Klux Klan by those who wanted to see us destroyed. Our order has faithfully complied with and completely met the situation in Texas to the satisfaction of all concerned except those who wanted to see the Klan destroyed."

MILAM WELLS SHOW INCREASE IN PRODUCTION.

For the first time since the discovery well was drilled in the Milam county shallow fields, production has reached the high mark of 250 barrels per day. The wells being drilled in lately are of the 20-barrel variety and in what is believed to be the heart of the pool. Drilling has been carried on in somewhat of a fever haste by the operators, who have been endeavoring to increase the production.

The Owens Refining Company who have the plant at Minerva station on the Sap railroad seven miles south of Cameron, are taking the entire output of the field. These people have a modern 1500-barrel capacity plant and a net work of pipe lines into the field. The price for Milam county crude oil has been reduced by this company to \$1.50 per barrel from \$1.75, which latter price has held since the first day of February this year.

There are now some 50 wells that are producing in the shallow pool with about seven wells drilling in the proven district, with two or three wells on the outside that are expected will extend the pool to the south and east. Several of the large companies have representatives in the county now

checking up on the producers and the wildcat wells in the district. The number of locations made in the county and the thousands of acres that have leased for development is causing much commotion in oil circles on account of the reduced price of crude oil in the Mid-Continent and North Texas fields. Announcements have been made that several of the independent concerns of the state are preparing to enter this field and develop property in the Minerva pool. The feature of the week was the House and Baggett No. 2 Henry well which is producing 33 barrels per day on the pump from 693 feet. This is the largest well that was ever drilled in the pool. The average well being about 10 barrels daily.

JUSTICE SHOT BY DRY LAW OFFICER.

Beaumont, Texas, July 22.—Justice of the Peace H. E. Showers, stationed at Precinct No. 1, Jefferson county, was shot tonight by Federal prohibition officer Gonzallos, the bullet penetrating the kidney and going out through the body. He will die, attending physicians said.

Judge Showers, it was reported to the police, was sitting in his automobile in a downtown street when Gonzallos attempted to take a pint bottle away from him. Showers is declared to have resisted and the officer shot him. Judge Showers was a candidate for re-election in the Democratic primaries today and was elected.

Studebaker

BIG-SIX SPEEDSTER

THE new Studebaker Four-Passenger Speedster is mounted on the Big-Six chassis with the same dependable 60 horse-power motor that made enthusiasts of thousands of owners during the most critical buying period in history.

Every item of its complete equipment and finished detail suggests ultra style and riding comfort.

The front seat is tilted at the correct angle for comfortable riding. An upholstered armrest divides the tonneau into

two individual seats which provide the comfort of an overstuffed armchair.

The touring trunk at the rear, with tray and suitcase compartments, is easy of access, because the two spare disc wheels are mounted on each front fender.

These disc wheels, complete with cord tires and tubes, are furnished without extra cost.

This latest Studebaker creation reflects Studebaker's seventy-year-old reputation for building fine vehicles.

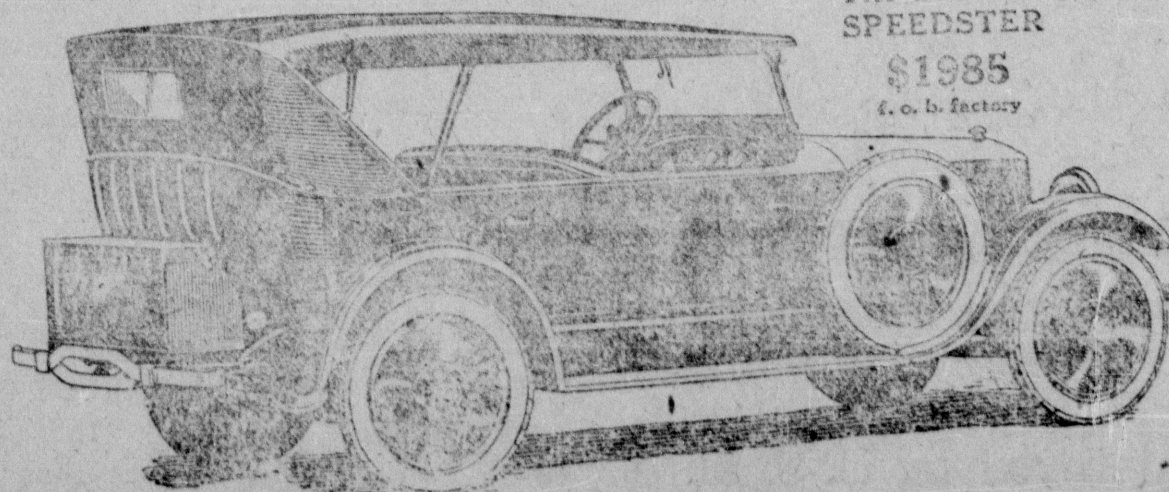

In addition there is a handsome set of nickel-plated bumpers front and rear, a courtesy light on the driver's side, a built-in, thief-proof transmission lock which is operated by the same key that locks the ignition switch and tool compartment in the left front door. Ask for the Studebaker "Yardstick," a measure of the greater value that Studebaker offers

THIS IS A STUDEBAKER YEAR

Jacksonville Noses Comets By 6 to 5 On Home Lot Tuesday

Homer Peel Gave Jacksonville A Real Sample of His Batting Ability—Three Doubles and a Single in Five Trips to the Plate

BY JINX TUCKER.

Jacksonville—Homer Peel gave Jacksonville fans a real sample of his hitting ability here Tuesday afternoon when the Cameron high school star nicked Teddy Lyons for three doubles and a single in five trips to the plate, but his great batting achievement availed the Comets exactly nothing for when the nine thrilling stanzas had passed into the base ball history of this east Texas city, the Bears were again sitting on the top of the world, so to speak, by the score of 6 to 5.

Teddy Lyons was outpitched by Mike Schmid, but star right-hander of the Comets was nevertheless hit hard, something very unusual in semi-pro circles. And when Bridges saw that his club was likely to take the runner-up position in batting for the day, he resorted to the bunting game, and his Bears played that brand of inside base ball to a fare-thee-well, bunting their way to victory, the second consecutive win of the present series, and fifth win of the eighth played between the two teams this year.

The Comets started well, in fact too well for local enthusiasts, who had backed the Bears with good old coin of the realm. Tolar opened the first round with a single to left, and Johnny Guynes sacrificed him to second. McGlasson looked over four, and took a stroll to first. It was then that Homer Peel came through with his first two-ple blow of the game, which scored both McGlasson and Tolar. That, however, was the total of the damage for that round, Peel being left stranded at second.

The Bears came right back with a run in the first when Steinie Strickland led off with a single to left. The locals got the first break of the game when Odom attempted to sacrifice, but arrived at the initial sack in safety when an endeavor was made to get Strickland at second. Thompson singled, and Strickland scampered across the plate with Jacksonville's first run.

Due largely to the efforts of Peel the Comets scored three more in the third and apparently salted the game away. Strickland also aided to a marked extent in the scoring of the Comets in this round, having another

off day in the field, the second in succession. Another very unusual incident. Both Guynes and McGlasson were safe on Steinie's errors. Then up came Homer Peel again to send another crashing drive to the outfield for two bases which scored both runners. Peel went out at third as Mulcahay went to first on a fielder's choice. The University of Texas star scored when Thompson tripped in the long grass as he went after Dinan's high fly. After this round Lyons steadied and the visitors failed to put across a counter for the balance of the contest.

Jacksonville also scored one in the third. Thompson opened the inning by going to first on Mulcahay's error. Daniels bunted safe, and Littlejohn also laid one down. Schmidt fielded it cleanly, but in an endeavor to get the runner at third which should have been an easy out, threw wild and Thompson scored. Bradshaw fanned and Williamson walked. The squeeze was then put on and worked perfectly. Covington scoring as Daniels bunted nicely.

The locals electrified the partisan fans present by staging a rally in the sixth which scored three runs and gave the Bears a 1-run lead, which they maintained for the remainder of the setto. Heine Odom opened this inning with a single to left. Thompson followed with another and Pete Daniels slashed out a tripple, which sent both runners across the pan. Daniels managed to score the third run of the inning and the sixth and winning score of the game on Littlejohn's infield out. Both pitchers hurled brilliant ball during the final innings.

The same teams meet again today and Manager Bridges will more than likely send Johnny Tanner in the box, though it is probable that he will cross the dope by taking a chance on Andrews in the final game of the series in Jacksonville. The Comets have Schraub, Stafford and Thomas ready to go, but it is quite likely that the former of Thomas will be used.

Score by innings:
Cameron203 000 000—5 10 3
Jacksonville102 003 00x—6 9 3
Schmidt and Allen, Dinan; Lyons and Covington.

PEEL'S STELLAR WORK WINS GAME FOR THE COMETS.

With a man on third, and another of first, Homer Peel, star second baseman for the Cameron Comets, saved the locals from probable defeat here yesterday afternoon when he reached out with one hand and stopped Wilson's drive that was certain to go for a single in the fifth. Cameron made it two straight from Gatesville, winning 3 to 2. Peel also did his usual brilliant work at the bat, getting three hits out of four times at bat, one of them being a double.

Both teams had scored in the first, and Cameron got into the lead in the second. Another score came in the eighth for Cameron, while Gatesville scored again in the ninth. Munch was on duty for Gatesville, and pitched a bank-up game, getting a two-bagger himself. He was touched up for 13 hits, but scattered them well.

Stafford worked for the Comet, and allowed but four hits, but weakened later when he was hit by a pitched ball in the sixth.

CAMERON WINS FROM ELKS OF WACO, 9 TO 1.

The Waco Elks went down to defeat before the matchless pitching of Schraub, the Comet's new hurler, who struck out seven men and allowed no walks. Cameron took twelve hits off Bagby and Burke for a total of nine scores, while the visitors put one score over on errors.

Son Allen in his first workout with the Comets hit three times out of four times up and did stellar work work behind the bat. Eason covered his garden with credit to himself and the Elks, but Schraub was too strong for the visitors. Pascal got the only two base hit of the game. Batteries for Elks, Bagby and Smith for Cameron, Schraub and Allen.

JACKSONVILLE WINS FIRST IN COMET SERIES.

Littlejohn, star twirler of the Jacksonville team, again humbled the Cameron Comets here yesterday afternoon when the latter were defeated by a 5 to 2 score in the first game of a new series which will go six games. Cameron and Jacksonville split a six-game series recently in Waco and Cameron, and the Comets came up here for a win.

Littlejohn was in top form allowing seven hits but pulled out of some holes that bade to disturb his equilibrium. In the fourth inning Cameron hammered out a double, three singles and were handed a walk, but not a score was produced as the result. Clevenger, the South Texas star who won two games for Cameron from Jacksonville in the past series, started for the Comets, but was replaced by Big Stafford.

EVAN'S Corner

This corner is devoted to business, politics and general news.

I have never yet seen a man who was altogether satisfied with an election. My ticket was not all elected.

In this second primary we are not all going to be satisfied. Be careful and don't tear your shirt tail.

After the battle is over and the dust is all settled you and the rest of us will still be here doing business at the same old stand.

Some of you will be picking cotton, some selling merchandise and I am hoping to be repairing your watches and fitting you with glasses.

The school board should be elected by the people.

PIONEER CITIZEN, OLA AYCOCK, IS CLAIMED BY DEATH

At the beginning of a perfect day
And the end of a journey too;
but portrays the passing of the spirit
of Ola Aycock. He departed this life
on Monday, July 11, 1922, at 11:30
p. m. Thus the bright morning
found him "over there" with the loved
ones that had gone on before—the
beginning of a perfect day—the
end of a well spent journey.

Ola Aycock was born in Caldwell,
Burlison county, Texas on Dec. 30,
1858. His parents moved to Milam
county, Texas, during his babyhood
days, where he spent the most of his
years. In young manhood he attended
the Southwestern University at
Georgetown, a little later taking a
business course in Louisville, Ky. He
married Miss Hattie Watkins of this
county Dec. 18, 1878. Some ten or
twelve years later the family moved
to Coleman, Texas, where Mr. Aycock
engaged in the mercantile business for
four or five years. While living here
he was called to the bedside of his
dying mother at the old Aycock
homestead, six miles southeast of
Cameron, in Milam county. Soon after
his mother's death he moved his
family from Coleman to Rosebud,
where they resided for a year, from
which place Mr. Aycock moved back
to Milam county, finally settling on
the old homestead, his boyhood home,
where the remainder of his life was
spent.

Four children waited with other
loved ones gone on before to greet him
on the heavenly shore, while three
daughters, a wife and scores of relatives
and friends remain to mourn
the departure of one whose presence
meant so much in the home and the
community at large.

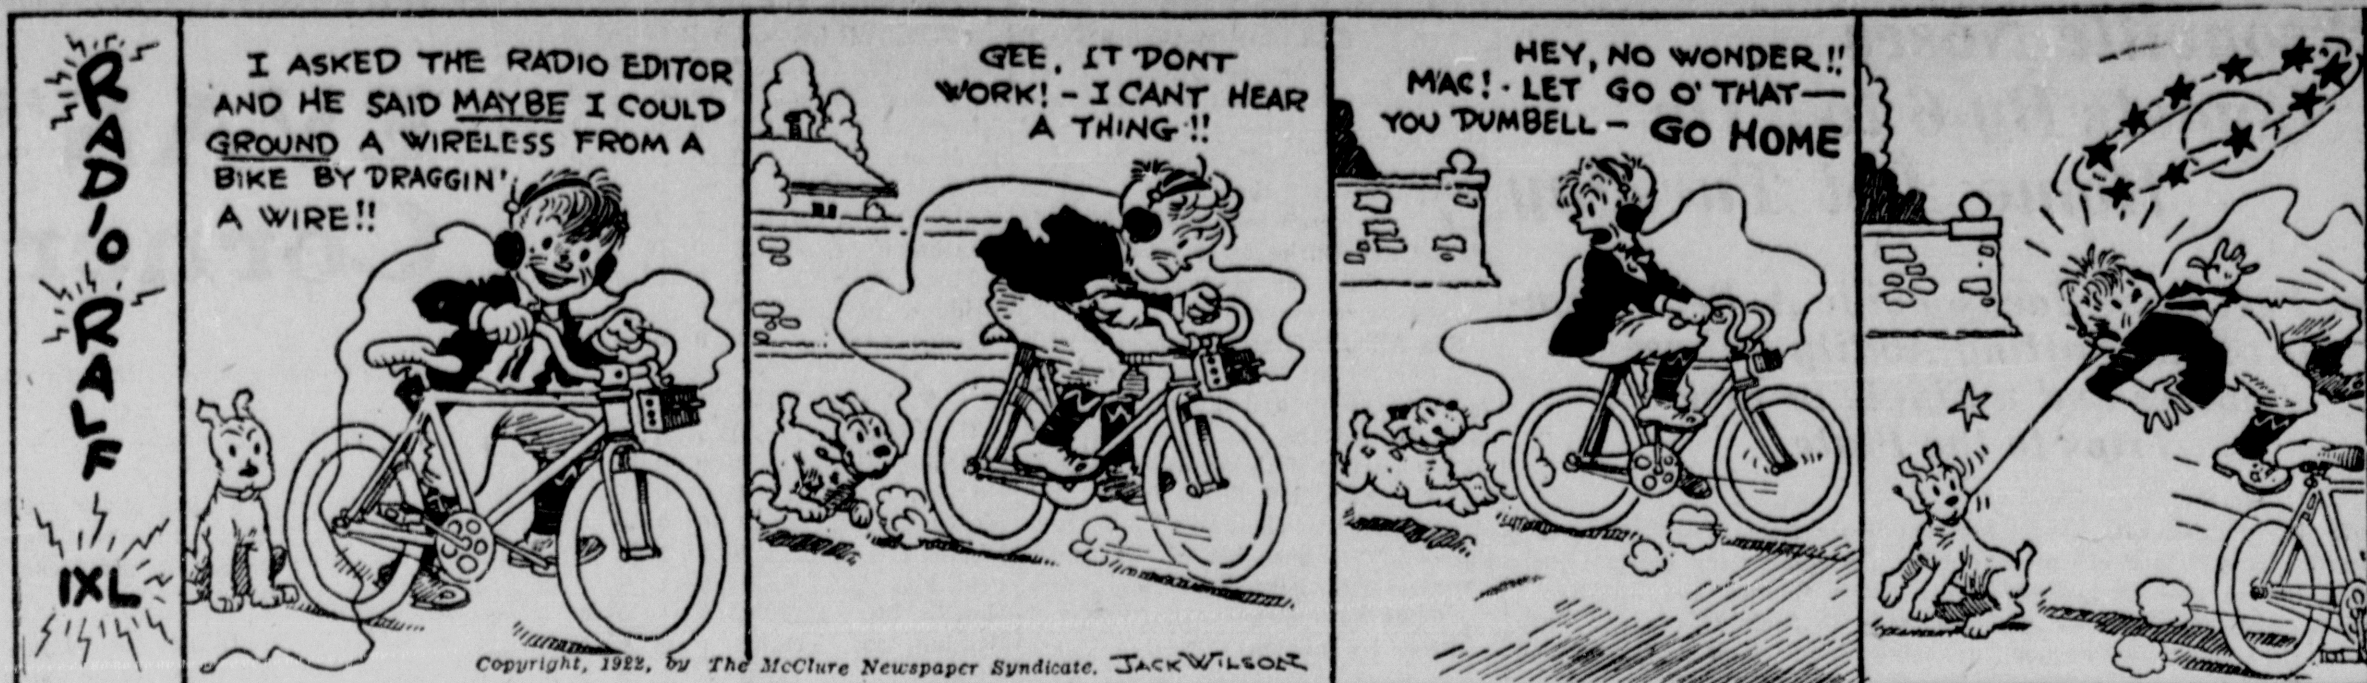

The daughters are Mrs. Tom Eward
of Minerva, Texas, Mrs. Olin Simon-
ton, formerly of Ft. Worth, Texas, and
Mrs. Jack Pool of Lott, Texas. And
there are also living two brothers, T.
W. Aycock of Cameron, Texas, B. F.
Aycock of Fort Sumner, New Mexico,
and three sisters, Mesdames J. P. Gott
and C. W. Meyers of Rosebud, Texas,
and Lon Tipps of Canadian, Texas.

Mr. Aycock had not been very
strong for many years, although not
incapacitated for life's duties, being
confined to his bed only the last sev-
eral months of his life. He spent
some few weeks in Marlin and the
Cameron sanitarium, hoping to regain
his health. He was ever appreciative
of the kindness and care of attending
physicians and loved ones, but finally
growing homesick for old surround-
ings, he asked to be taken home
"where he could look out across the
field and see the sky-line and hear the
birds sing." Being a man of simple
tastes, he has lived close to nature's
heart and life was wonderfully sweet
to him. Loving his family and ever
mindful of their interests, he expressed
a desire to live longer for their
sakes, though he had no fear of death.
Only a few days before his decease,
with a smiling face he had said to
those gathered around his bedside, "It
is said in the bible that more blessed
is the day of a man's death than that
of his birth."

"To know him was to love him."
In early childhood he was so very
faithful to duty, obedient, loving,
kind and gentle to all, he developed
into a strong Christian character at
the age of maturity. Amid life's
cares, trials and snares, he stood
firm unto the end. He has long been a
member of the Mt. Zion Baptist church
near Rockdale. And because of the
remoteness of this church from his
home, he had labored with the people
of his community in the Methodist
church at Minerva, endearing himself
to all by his loving kindness and
pleasing personality. No man in the
community will be missed more than
he. He was temperate in all things
all the days of his life. At the age
of eighteen his mother gave him a
gold watch and chain because he had
never used tobacco in any form and
had always been such a dutiful son.

Heeding the admonition of his dy-
ing mother, "Be brotherly my boys,
be brotherly," in the social world he
was a model character. He was a
broad-minded, far-sighted man, view-
ing the questions of the day as world
wide movements in the advancement
of humanity as a whole. He loved
humanity. He believed the world was
growing better, often speaking of the
"quickened public conscience" in this
respect. It may be said of him that
he always had some helpful thought
to pass on, however varied the topic.
He was always glad to see his friends,
welcoming them gladly when he was
able to receive company.

In the business world it was often
said of him "One would do well to
follow his business rules of honesty
and justice, and fair dealings, with

KLANSMEN PARADE STREETS UNMASKED AFTER ELECTION.

Dallas, Texas, July 23.—During the
height of excitement Saturday night
over the Democratic primary election
returns, when the streets of the down-
town business section were crowded
with people and vehicles and great
crowds watched with intense interest
the returns being flashed on bulletin
boards by the newspapers, Dallas Ku
Klux Klansmen staged an unmasked
parade.

The demonstration began shortly
after 11 o'clock. Tabulations of the
vote cast during the day in the pri-
mary election showed at that hour
candidates indorsed by the klan to
be in the lead generally. The parade,
led by a big automobile crowded to
capacity and from the hood of which
a huge United States flag flew, made
its first stop in front of the News
Building on Lamar street, between
Main and Commerce edging its way
into the crowd that stood in the street
watching The News election bulletins.

The car leading the procession bore
on its hood, in addition to the flag,
the figure of a miniature klansman,
robed in white and astride a white
steed.

A tremendous chorus of shouts was
raised on the appearance of the pa-
rade and the procession paused long
enough for a band to play "The
Star-Spangled Banner."

Proceeding around The News build-
ing along Commerce and turning at
Lamar, the parade moved up Main
street. Turning into Elm at Akard,
the parade moved along Elm to the
Dallas Times Herald building, where
another stop was made and a few
brief speeches delivered from a big
truck in middle of the street.

M. M. Hilton presided at the im-
promptu speech-making, introducing
the Rev. A. C. Parker, pastor of the
Dosemont Christian church, of Oak
Cliff, Z. E. Marvin, Judge Felix D.
Robertson of the Corporation Court,
candidate for District Judge; Shelby
S. Cox, candidate for District Attorney
and George K. Butcher.

"The Dallas News, The Dispatch
and others have been asking for an
unmasked parade," said Mr. Butcher.
"Well, I have staged one tonight."
Mention of the News was also made
by Judge Robertson. "The voice of
the people is the voice of God," he
said, "and I guess The Dallas News
has heard it."

The Rev. Mr. Parker, the first to

speak, asked the crowd if it knew
him.

"Yes, we know," a number of voices
responded. "Well, for the sake of
those who do not," he said, "I will
tell them. I am the cyclops of the
Dallas Klan No. 66."

Shelby S. Cox was cheered when
he told the crowd that he had marched
with the ranks of the klan in Dallas
and other North Texas cities. Nearly
all of those who spoke referred to the
fight of the organization and to the
opposition. One of them cited the re-
turns received in the primary election
as evidence of "the demise of the
Dallas County Citizens' League."

Another, recalling the words of
"Fighting Bob" Evans at Santiago,
said "don't shout boys, the poor de-
vils are dying," in referring to the
klan opposition in the election. There
were also expressions to the effect
that "no spirit of gloating over the
result of the election was felt, mere-
ly joy in the triumph," which the
speakers declared was evident.

Probably 2,500 or 3,000 people jam-
med Elm street for a block or more
about the truck from which the klan
speakers spoke. Cheering that echoed
up and down the street was indulg-
ed in, men waved their hats and
shouted to one another.

Moving along Elm after the stop
in front of the Times Herald Building,
the parade re-entered Main street,
moved north along that thoroughfare
for a short distance and dispersed.

Shortly before 12 o'clock the big
automobile that had led the proces-
sion moved back along Main to a
point between Akard street and Ex-
change Place, where it stopped.

The figure of the miniature klan
horseman astride its snow-white steed
and the flag were removed from the
front of the car, the flag being carried
by two men up a flight of stairs open-
ing on the sidewalk.

Asked after the parade if he had
issued a permit for such a demon-
stration, Louis Blaylock, Mayor pro-
tem, declared that he had issued no
permit for a parade.

"I have not issued a permit for
a parade," Mr. Blaylock said, "but I
don't see any reason why the mem-
bers of the Ku Klux Klan should not
parade on the streets on such a night
as this."

"I should think they would want
to parade around The Dallas News
and the Dallas Dispatch and teach
them a lesson."

The demonstration, coming sudden-
ly and in the midst of the tabulation
of the election returns, caused con-
siderable excitement in the downtown
section. Hundreds of men on foot
closed in behind the automobiles in
the line of march and followed in the
parade, some with their coats on their
arms and their voices raised in al-
most continuous shouting as the
procession moved through the business
section.

Shortly before midnight Main and

Elm streets were jammed with mov-
ing vehicles, near tie-ups of traffic
resulting from the crowded condi-
tion of the streets. For several minutes
cars were forced to move slowly until
the streets had cleared somewhat.

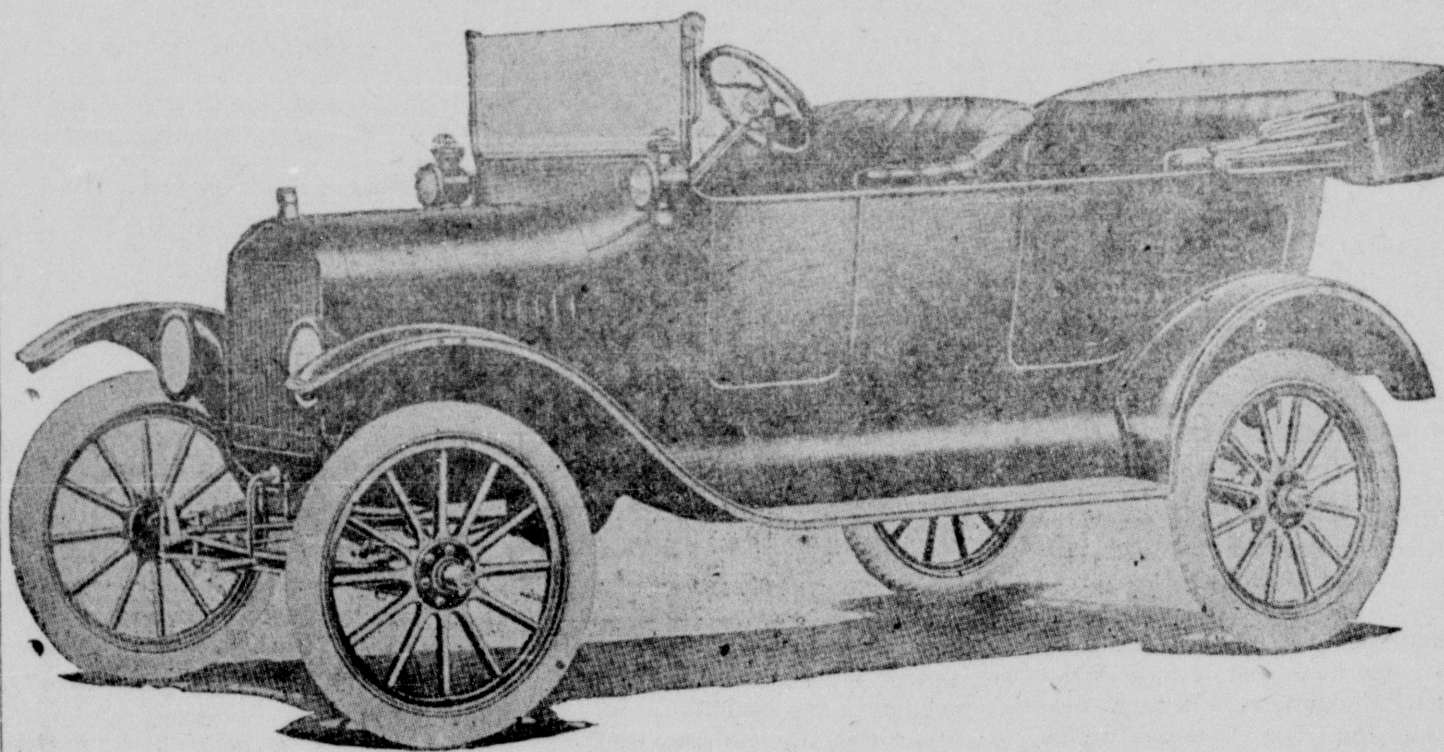

Many automobiles occupied by men
who gave voice to lusty shouts moved
up and down the streets. Many other
men afoot trudged along in the
crowds and shouted.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made
Smooth, Says Specialist

"Any breaking out of the skin, even
fieri, itching eczema, can be quickly
overcome by applying a little Mentho-
Sulphur," declares a noted skin spec-
ialist. "Because of its germ destroying
properties, this sulphur preparation
begins at once to soothe irritated skin
and heal eruptions such as rash, pim-
ples and ring worm."

It never fails to remove the torment
and disfigurement, and you do not have
to wait for relief from embarrassment.
Improvement quickly shows. Sufferers
from skin trouble should obtain a
small jar of Mentho-Sulphur from
any good druggist and use it like cold
cream.

GEORGE T. GRAVES NAMED SECRETARY OF STATE BANKERS

DISTRICT MEETING HELD IN WACO HONORS LOCAL STATE BANK CASHIER.

George T. Graves, cashier of the Cameron State Bank, was elected Secretary and Treasurer of District No. 22 composed of 48 State Banks at a meeting held in Waco on last Tuesday. This is an association of state banks and is organized for the purpose of promoting better banking and more helpful co-operation with their patrons.

Speaking of the purposes of the organization Mr. Graves said:

"The purpose of the association shall be to promote and encourage in the district safe and sane methods of banking, to aid in any way possible the enforcement of our banking laws; to co-operate at all times with the State Banking Department to enhance its efficiency; to encourage all legitimate and worthy enterprises, concerns and individuals, all agricultural and livestock development, as far as good business and safe banking will permit; and to encourage closer co-operation between its members, to keep before them subjects both interesting and beneficial to the State Banking System."

The first annual meeting of the district association of the Texas bankers was held in Waco Tuesday, and was attended by a large number of bankers in the five counties included in this district. There are 48 banks in this district, which is the Waco examiners' district, and is District No. 22 in the state banking system.

R. R. Waldrop president of the First Guaranty State Bank of Clifton, was chosen temporary chairman for this district at the recent meeting of the state bankers in Waco, and he was made permanent chairman at the meeting Tuesday morning. The following were also elected: L. E. Bain, vice-president of the First State Bank of McGregor, vice president; George T. Graves, cashier of the Cameron State Bank, Cameron, secretary and treasurer; and L. J. Davis, cashier of the Citizens State Bank, Marlin; R. F. Siddons, vice president First State Bank of Hillboro, on the executive committee, to serve with the officers.

Addresses on problems pertaining to the workings of state banks were made by L. J. Davis of Marlin; F. B. Cable, cashier of the Rosebud State Bank, Rosebud; W. S. Turner, cashier of the Citizens State Bank, Valley Mills; L. E. Bain of Waco; and others. The meeting adjourned at 1 o'clock.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore, spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Do You Awake Tired and Weak?

Know the Joy of Restful Sleep by Taking Ironized Yeast

Do you arise in the morning as unfreshed as when you retired? Are body, brain and nerves all run down? This terrible weakness which afflicts so many may be blamed on the lack of vitamins and iron in modern foods. Supply these invigorating elements by taking two pleasant tablets of Ironized Yeast three times a day. Everyone knows that yeast is a wonderful builder of strength and energy. But Ironized Yeast embodies a new secret process, known as "ironization," which enables the yeast to produce its results twice as quickly. It tones up the great vital organs, soothes the worn-out nerves and makes you feel like a new person. Get Ironized Yeast today and take a new lease on life, or to try it entirely free, simply mail postcard for Famous 3-Day Trial Treatment. Address Ironized Yeast Co., Dept. 96, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

Such as Jackson & Read, Cameron, Texas.

KLAN'S CANDIDATES WIN HOUSTON VOTES.

Houston, Texas, July 22.—The so-called Ku Klux Klan slate swept the Democratic primaries in Houston today. The following, all of whom were opposed by avowed anti-klan men, were leading with apparently safe margins at midnight tonight, with from 42 to 56 of the 106-county boxes tabulated:

Dixie Smith, for District Attorney, with 4,482, against E. T. Branch, the incumbent, 3,519 and Bracewell 608.

T. A. Binford for Sheriff, re-election, 5,061; Ed. Carr 3,003; Chester H. Bryan for County Judge, re-election, 4,731, against Jim Reeves 3,200. O. M. Duclos for Civil District Clerk, re-election, 3,427, against McHugh 1,959.

Murray B. Jones incumbent, for Judge County Court No. 1, with 4,114 against Letts 2,313.

Roy Campbell, incumbent, for Judge County Court No. 2 with 4,199 against Harry Fisher 2,379.

Albert Townsend, for County Clerk, 4,321, against Franklin Davis 2,172.

Bruce Ferguson, for Tax Collector, 2,729, against Dan Moody 2,534 and Perry 315.

This race was still in the doubtful column at midnight.

W. N. Williams was leading for Justice of the Peace, Precinct 1, position 1, in Houston, with 1,300, against 1,009 for J. M. Ray, antikan incumbent.

Campbell Overstreet had an apparent walkover for Justice of the Peace, position No. 2, with 1,356, against Leon Lusk, anti-klan incumbent, 863; O'Leary 246 and Anderson 108.

The only anti-klan candidate who had apparently won a legislative nomination was Virgil Arnold, who had 2,707 votes to 2, 250 for his opponent, Miss Katie Daffam, who did not make the klan an issue.

W. W. Higgins appeared to have the nomination for County Superintendent of Schools, against W. G. Smiley, anti-klan incumbent.

It had become apparent at midnight that the total vote in the county would probably be about 25,000. The woman vote was heavy, nearly equaling that of the men, and in many boxes exceeding it.

OUSTED SHERIFF IS DEMOCRATIC NOMINEE.

Beaumont, Texas, July 22.—The Ku Klux Klan ticket, so-called, made a clean sweep of Jefferson County in today's primary.

Incomplete returns indicate that Sheriff T. H. Garner, who was recently ousted from office because of alleged membership in the klan was renominated over his two opponents by a large majority. It is conceded now that the ouster suit will not be pushed in the higher state courts. Garner has been holding on to the office by the filing of a supersedeas bond which bond received sanction both by the ninth court of civil appeals and the supreme court.

George C. O'Brien has defeated Judge W. H. Davidson of the fifty-eighth district court. D. P. Wheat retains his office as county judge at law and former Chief of Police, Ben B. Johnson has defeated County Judge Jesse B. Peck and will have direct charge of the expending of the \$2,000,000 for good roads and a Neches bridge in this county. County Attorney Marvin Scurlock has been renominated, as also has been County Clerk W. A. Coward. The Collector R. J. Bernard has been defeated, it is indicated, by Miss Ad. Lecklar.

Just after the polls closed tonight Justice of the Peace H. E. Showers, who was today nominated for re-election, was shot and fatally wounded. Showers was an invalid. M. T. Gonzales, general prohibition agent, working out of Dallas, surrendered to city officials, following the shooting in Farrin street.

SPANISH GREEN OLIVE TIDBITS.

An excellent relish that may be prepared in a few minutes from ingredients found in any well stocked kitchen cabinet. Try these tidbits the next time you are wondering just what to serve with the salad. They are delicious.

Cut rounds out of slices of white or brown bread with a small biscuit cutter; make a paste of the well-beaten white of three eggs added to two cups grated American cheese; season with paprika; spread the bread a quarter of an inch thick with this mixture, and put in a hot oven

until golden brown—this should take about three minutes. Take from oven and sprinkle with chopped Spanish Green Olives. Serve hot with any kind of salad.

CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE.

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones.

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonfull of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

CARD OF THANKS.

To the Voters of Milam county:

Although I failed by a few votes to win my race for Representative of Milam county, I want in this way to express my sincerest thanks and heartfelt gratitude for the splendid vote accorded me in my first political undertaking.

In my twenty-eight speeches in Milam county I never once referred to my opponent in any manner or attacked his official record. In a private way I never once spoke disrespectfully of him. Since I am defeated, I hope my opponent will make a record in the Legislature that we shall all be proud of.

I feel very happy over my splendid vote. I have no ill feeling toward any one. To my friends who supported me in this race, I shall always feel most kindly and grateful. To those who voted against me I have nothing but the kindest of feeling.

With best wishes,

Your friend,

MOULTON COBB.

SAYS FARM BUREAU IS ON GOOD BASIS

BEGINNING SECOND YEAR WITH PRESTIGE AMONG PRODUCERS.

BY JNO. T. ORR,

President Texas Farm Bureau Cotton Association.

Dallas, Texas, July 25.—The Texas Farm Bureau Cotton Association has passed successfully through its first year. It has made good the promises of the men who organized it. It has followed the precepts and principles of co-operative marketing as laid down by Aaron Sapiro, and in doing so has entered the second year of its existence, with a well established credit, and economical business machine to handle the business of its members, and a membership well satisfied.

Membership solicitors were told to be conservative, to tell the cotton growers the strict truth, to promise no rosy dreams, but to confine themselves to the actual business methods to be used by the association.

Prospective members were told that an advance would be made when their cotton was delivered. It was made.

That their cotton would be classed for exactly what it was as to grade and staple, by experts working for them. This was done.

That it would be offered for sale in even running lots of cotton exactly alike, to the best purchaser. It was sold on this plan, and to a financial advantage to the members. That the cotton would be concentrated in warehouses, and sold with the least possible number of handlings. That it would be properly insured, protected from fire and water, and country damage eliminated. All this has been done. The cotton was properly concentrated and stored, no losses occurred that were not adequately insured, and not a penny's worth of country damage occurred to a single bale of membership cotton.

That distributions would be made from time to time as the cotton was sold. This system has been followed, the members have received their money through the season, as they needed it for the expenses of living and of putting the next crop and carrying it thru.

That every man would be paid the average price for the season, received by the association for the particular grade and staple of cotton produced by him. So effectively has this been done that many of our members have found that they made better cotton than they ever dreamed they were producing.

That the best possible men would be hired to work for the producer, thru his organization, and that they would give to the farmer the same loyalty that they would give to any other employer. The year of successful operation just past has proven this contention.

That the "city crop" would be eliminated, indiscriminate sampling and its losses avoided. Not only has the city crop been eliminated, but the one sample taken from each bale by the Association has been sold and has gone far toward the payment of association expenses.

And finally, the farmer was told that he would receive the entire proceeds of the sale of the cotton, handled on the best business basis by men employed by the farmers, less the actual cost of operation.

The members of the Texas Farm Bureau Cotton Association have received the actual price less the cost of operation, and the cost of operation has been surprisingly low for the first year of a new business organization.

Promises have been kept, the organization for orderly marketing by the farmers themselves has made good. The members are pleased. Now is the time for the rest of the Texas cotton farmer to join the association, increase its volume of business, and thus make still lower the cost of operation, and still more effective its work in securing better prices.

MR. H. B. PINKERTON LONG SUFFERER RELIEVED BY DEATH, JULY 15.

Mr. H. B. Pinkerton, about 55 years old, died at his home in the Salty community Saturday evening after long illness and patient suffering and was buried Sunday afternoon in the Salty cemetery. Bro. Sam Elliott, assisted by Bro. I. B. Manly, conducted the funeral services.

Horace Brown Pinkerton was born in Fayetteville, Lincoln county, Tenn., May 22, 1867, and came to Texas in 1890. In 1893 he was married to Miss Mattie Jackson, daughter of our venerable friend and neighbors, Mr. and Mrs. A. J. Jackson, of Salty and about this time he united with the Methodist church.

Mr. and Mrs. Pinkerton were blessed with nine children, 5 boys and 4 girls, all living and at home with their mother and are truly a benediction to their mother in her bereavement. The multitude of people who attended the funeral bore testimony of the esteem in which he was held. He was a great sufferer but bore his suffering with amazing fortitude and expressed himself as willing and ready to go stating that he had no fear of death.

May the Lord help us all, when our time comes, to be able to say the same.

A. Friend.

LETTER TO FORMER STUDENTS OF TYLER COMMERCIAL COLLEGE.

Dear Friends:

You are naturally interested in your school that has grown to be the largest if it's kind in the country. We are receiving letters daily from ex-students, business men and prospective students commenting on the growth and success of the Tyler Commercial College, Tyler, Texas and asking us for suggestions and advice. The interest of the Tyler Commercial College in its graduates never ceases and we are more than pleased to keep those interested informed as to the progress of the school as well as to assist you in solving your business and financial problems. We are able to do this because the growth and

success of the school has in a measure, been the result of such excellent management. The Tyler Commercial College being managed by men who have made a success of business and who know HOW, gives our graduates prestige and influence which means much to them in not only securing employment but in affording promotion. Our graduates are holding positions of responsibility all over the country.

Our President, Mr. H. E. Byrne, is the author of the systems we teach. He knows big business from beginning to end and has proven himself a financial genius. He is President of the Security State Bank of Fort Worth, Texas, as well as President of ten other large corporations. The official publication of the Salesmanship Club of Fort Worth has the following comment on one of his addresses re-

cently "Mr. Byrne proved to be the type of men that his good Irish name and title would suggest. Strong and sturdy of mind, body and voice, every inch a man his speech held our undivided attention, and then he did not have the time to tell us all he intended to. The longer he talks the better he gets. Here's hoping he has all the time needed again soon. Mr. Byrne has associated with him men who were not only good commercial school men but live wires in business. Our Vice-President, Mr. W. M. Roberts, is Vice President and Director of the Tyler Building Loan Association, a corporation with a capital stock of One Million Dollars. He is also one the board of Directors of the Citizens National Bank, Tyler, Texas, Security State Bank of Fort Worth, Texas, Texas Finance Corporation, Dallas, Texas, Byrne Publishing Co.,

Tyler Texas, Tyler Chamber of Commerce, Rotary Club, etc. With these men's experience and success in business, they know and understand what business men demand of young people and are in position to give you practical training and advice. We want you to feel perfectly at liberty to write us for any information you desire at any time concerning your financial or business enterprises. Our Service Department will serve you free of charge.

CONVERTED JEW HERE TWO NIGHTS

DELIVERS TWO INTERESTING
AND INSTRUCTIVE ADDRESSES
AT PRESBYTERIAN CHURCH

Those who failed to hear Rev. F. B. Solin, at the Presbyterian church on Monday and Tuesday night missed a treat. Mr. Solin is a scholarly, refined gentleman, a graduate and A. M. of Wabash College, and a full graduate of McCormick Seminary. Both in his addresses and conversation he shows himself as one well acquainted with the Old Testament and New Testament Scriptures and that in the original and English tongues.

He was born in the Ghetto of New York of Orthodox Jewish parents. When a child his parents moved to California, and it was in that state he was led to give a careful study to the claims of Jesus of Nazareth to be the Messiah of the Jews, and it was in that state he was led to believe in those claims and accept the Christ.

One fact he brought out in his address on the relationship of Judaism to Christianity is that the New Testament is a Jewish book, the product of Jewish brains and hearts. It is as much a Jewish book as the Old Testament. Also he impressed upon us that the church of Christ is a Jewish institution in its origin. The early members were all Jews, and it was a great question with them as to whether it should reach out to the Gentiles.

The thought was brought out also that the lack of interest in and understanding of their Scriptures on the part of the Jew was due to the fact that the Old Testament cannot be understood without the new and that without the new the old Testament is an unfinished book. The old Testament is the lock, the New Testament is the key.

Perhaps in its human interest and appeal the second of the addresses was the better. It was the story of his own acceptance of Jesus as the Messiah of his people and his personal Lord. He told of how he first attended a Presbyterian church in Modest, Cal., and of how the thought came that so far as customs and worship this might be a Synagogue of the Jews. But he found they had something that his people did not have. He did not know what that something was till he came to know the Christ. He also learned that the Christian people he was meeting in this land and whose church he attended were not the kind who had persecuted his people in Russia and other lands. They did not hate the Jew. It was his study of the Old Testament prophets, and the reading of the New Testament that led him to a decision. Particularly a study of Isaiah 53.

He is at present seeking to forward the work of the Mission to the Jews in New York, and seeking to interest Christians everywhere in his people, and is working for better relations. Many of us are accustomed to study men to see if God is with them, and our opinion is that this man has the Spirit of God in his heart.

There were but a handful of the Jews in Elijah's time that had not forsaken God. This man has what the race needs above all things. He is one of the Remnant the Prophet Isaiah says God shall always have among his people.—Cameron Enterprise.

NOTICE OF APPLICATION FOR PROBATE OF WILL THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL. THE STATE OF TEXAS.

To all Persons interested in the Estate of Mrs. Caroline Yoe, Deceased; A. N. Green has filed in the County Court of Milam County, an application for the probate of the last will of Mrs. Caroline Yoe, deceased, and a codicil thereto, said will and codicil alleged to constitute the last will and testament of said deceased, and for appointment as independent executor without bond of said will; which will be heard at the next Term of said Court, commencing the first Monday in August, 1922, same being the 7th day of August, 1922, at the Court House in the City of Cameron, Milam County, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein Fail not, but have you then and there before said Court this Writ,

with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, July 17, A. D. 1922.

WILL T. YATES, Clerk
County Court, Milam County.
By Mrs. K. K. Robbins, Deputy. 12 2t

THE STATE OF TEXAS.

County Court, Milam Co.
By Mrs. K. K. Robbins, Deputy. 10-3t

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, it is incurable by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts from the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache—no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure. (Advertisement.)

No Worms in a Healthy Child.

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 90c per bottle.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Dr. J. C. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. J. C. Fletcher

PERSONAL SERVICE

Squirrels are right bright little animals—sometimes have more sense than we human beings. Ever notice them in the fall when nuts are plentiful, how they store 'em away for the long, cold winter days? That's a squirrel's savings account. Yes, sir they have an eye for the future.

Put your money in this bank this fall.

Isn't It The Truth ?

Once in a while you still meet a plodding individual who says he does not believe in advertising—that advertising never sold him anything.

And yet if you inquire, you will probably find that this same person is awakened by a Big Ben Alarm Clock, shaves himself with a Gillette Safety Razors, wears an Arrow Collar, a Hart, Schaffner & Marx Suit and Walk-Over Shoes, has Cream-of-Wheat and Maxwell House Coffee for breakfast, puts on his Stetson hat and rides to his office in a Hupmobile.

He also probably uses an Ever-Sharp Pencil, Hamermill Bond Stationery, and an Underwood Typewriter.

But why follow him farther on his trade-marked path. Advertising never sold him anything, anyway.

You may buy space in the best paper in Milam county.

COMING

The Magazine Section of the Cameron
Herald July 10th

“Indians Attack Gregg Family in 1841”

Some of the Features of the Magazine Section:

INDIANS ATTACK GREGG FAMILY, 1841.

In the fall of 1841, Judge John Gregg moved to Texas. Soon after crossing the Neches river, in Southwest Texas, Indians attacked the family and killed Mrs. Gregg and her eldest son, Thaddeus. Of the other two sons of the family one was wounded and the third carried into captivity by the savages. The story in detail will appear in the Magazine section of the Cameron Herald August 10th.

Many interesting features are being printed monthly in our 8-page Magazine Section—an addition to our regular issue—and sent to all subscribers without extra cost. Say a good word for the Herald. We will appreciate the favor and it will help to increase our patronage with subscribers and advertisers.

“THE MENACE OF THE FLAPPER.”

Kathleen Norris, writer of national importance, analyzes the cause of the flapper in the August 10th

issue of the Cameron Herald. She places responsibility for the flapper with parents and the present age of materialism. Read her story and tell the editor what you think of it.

MINERAL RESOURCES OF TEXAS.

In the August 10th issue of the Cameron Herald Magazine Section, E. H. Sellards, geologist of the University of Texas, will tell our readers of the wonderful mineral resources of Texas. There are millions of dollars' worth of minerals in Texas yet unmined and, to a great extent, unknown. Read this story and keep posted on the potential wealth of your state. Also please mention the Cameron Herald to your neighbor, if he is not now a subscriber, and tell him how much good reading matter and how much valuable information he is missing by not being on our subscription list. The boost will help us to publish a better newspaper.

MARTIAL LAW IS DECLARED AT DENISON.

Austin, Texas, July 25.—Martial law was declared in the railroad and shop area of Denison by Governor Neff in a proclamation issued Tuesday night, and a detachment of 250 State troops, Third Battalion, One Hundred and Forty-second Infantry, commanded by Capt. Claude Adams, entrained from Camp Mabry Tuesday night for Denison to take charge of the situation brought about by the strike of the railroad shopmen.

Governor Neff also issued two other proclamations, one detailing Rangers at Sherman and the other at Childress. The Ranger force at Sherman will be under command of Capt. Tom Hickman, and the force at Childress under command of Capt. Frank Hamer.

The Rangers now stationed at Denison will be relieved immediately on arrival of the State troops and will be assigned to other points.

It was announced by Governor Neff that Rangers will also be detailed at Cleburne, Temple, Amarillo, Marshall, Lufkin, Kingsville, DeLeon and Waco for strike duty, and the protection of railroad property.

The Ranger force, the Governor said will operate either under the provisions of the open port law or as peace officers to assist the local officers. The Ranger force is to be recruited as fast as possible to take positions under the captains of the various companies.

Col. Chas. H. Nimon will be in command of the State troops during the continuation of martial law, it was stated.

The decision of Governor Neff to call out State troops was reached following his recent investigation of the situation at Denison and the conference held with Col. Charles S. Lincoln, assistant chief of staff, Eight Corps Area.

In the proclamations the Governor stated that the Railroad companies have been unable to secure workmen to take the place of the strikers because of mob violence, and for that reason it has been impossible to keep open the channels of traffic and commerce.

Denison, July 25.—The southeast corner of the base ball park, two blocks from the heart of the business district of Denison and 50 feet from the Missouri, Kansas and Texas Railroad shops, resembles an army camp today with a number of men preparing to receive four companies of the Texas National Guard due in Denison at an early hour Wednesday morning from Austin.

Twenty-five Rangers arrived today and 15 arrived last night. Orders have been issued to place 50 Rangers here, mounted, and 275 soldiers.

The union strikers today offered their services to Col. Charles Nimon, commanding officer in charge of the troops. They have offered to erect the camp tents and buildings, lay sewer and water lines and string electric light wires if the colonel will permit their assistance.

O. J. Shoemaker, general chairman of the carmen's union has sent out a request for all shop workers, their families and others to lend every assistance possible to the soldiers when they arrive and treat them with every respect. Shoemaker said, "They are Texans working under orders" and would be given every assistance possible.

It is believed martial law will be declared for 1,000 feet on either side of the railroad property.

The railroads brought a few strikebreakers to Denison last night and this afternoon the Katy operated a special train of four coaches from St. Louis with strikebreakers. They were taken direct to the shops in the train, registered and assigned to work. A few negroes have been brought here for work in the shops, and several Mexicans also are employed.

Officers of the shop craft receive daily telegrams showing their men are standing out 100 per cent, and the railroad officials say that train conditions are improving daily.

Several hundred shots were fired into bunk houses occupied by strikebreakers at Greenville last night, but no one was injured. The only damage done was to window panes and electric light globes. All lights were shot out in the shops and yards, according to railroad reports received here.

KNICKERBOCKER THEATRE INDICTMENT DISMISSED.

Washington, D. C., July 24.—Indictments against five persons in Theatre disaster of last January in connection with the Knickerbocker which 97 lives were lost, were dismissed today by Justice Suddens of the District of Columbia Supreme Court who sustained demurrers.

The indictments charged manslaughter against Reginald D. Geare the architect of the theatre; John H. Ford, the iron work contractor and Donald M. Wallace, foreman for the building contractor.

The court held that indictment defective and insufficient in that the material and essential facts forming the basis of the alleged offense were not set out with reasonable certainty and the indictment therefore was too vague, indefinite and uncertain. The indictment failed to show what act or acts of negligence were committed by each of the accused persons, the court decided.

United States Attorney Peyton Gordon noted an appeal from the decision to the court of appeals.

DELEGATES NAMED FOR DEMOCRATIC CONVENTION

At the Democratic Primary Convention for Cameron voting box, held in the District Court room at 7:30 p. m. on Saturday, July 22nd, 1922, Judge R. B. Pool was suggested as chairman in place of election judge, Judd Davis, who was not present on account of effort to get a quick count of the ballots cast in the election, and was unanimously elected: and Roy Baskin was elected secretary. Upon motion W. W. Chambers, the Chairman appointed a committee composed of W. W. Chambers, O. L. Kidd and J. L. Barmore to select delegates to the County Convention. The committee selected and reported to the Convention the following delegates, who were duly elected by the Convention as delegates to the County Convention, to-wit:

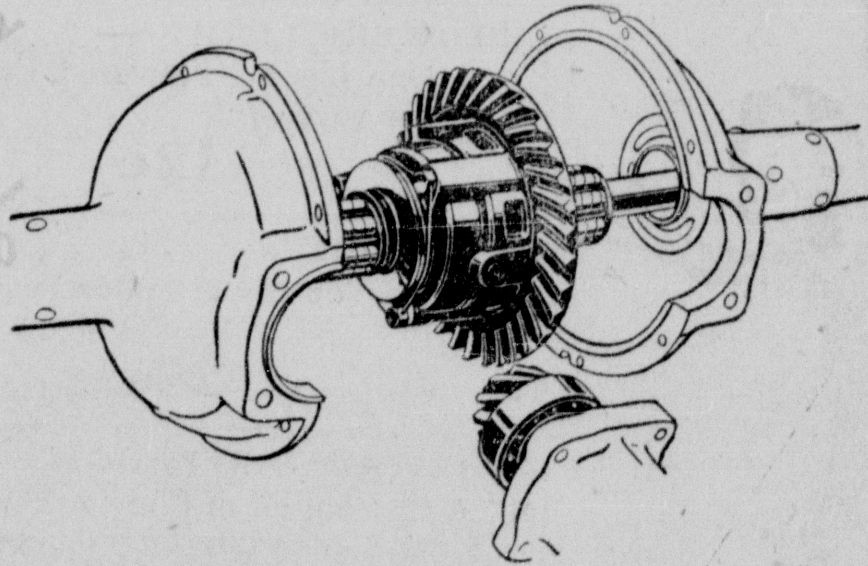

T. S. Henderson.
J. D. Hefley, Sr.
W. M. Cobb.
Mrs. Giles L. Avriett.
O. L. Kidd.
W. W. Chambers.
Dr. A. S. Epperson
A. J. Lewis.

AN APPRECIATION.

I am deeply grateful to the people of Milam County for their generous support of my candidacy for County Clerk and for the many kindnesses shown me during my campaign. I assure you I shall not soon forget these courtesies nor the friends both old and new for their loyalty.

LILIAN ATKINSON.
